Hello

The bicycle thief is back on Carlos, he has had ten different bikes by his RV. Last four day every day, i can't tell he works alon or with group. Please Officers drive by and see. Between tamarind and Bronson on Carlos. I saw the one that was breaking into our apartments to steal bikes. Seems like he was talking to some others by his rv. Bird scooters etc. a chop shop in plain sight.

More recently, a van had been observed parked next to it then more transients and bikes started occupying the sidewalk next to the van. Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner… And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows…

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation /

just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Subject Encampment @ Carlos and Bronson

During the past week, we have been noticing a wooden structure on the sidewalk near corner of Carlos Avenue and Bronson Avenue. More recently, a van had been observed parked next to it then more transients and bikes started occupying the sidewalk next to the van. Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.
Thank you.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for

illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner... And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

I saw two people wheeling two

bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

It is so frustrating that people are breaking into a private property and stealing and there nothing we can do. We are not safe.
So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents? MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my

bicycle wasn’t there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn’t walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,

Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there with the garbage bags in them; so the feeling of being at home is there and approval.

I quote a message from one of us here:

"Almost one week to the date of our LAPD meeting it appears as though
their regular patrols of the area have ended.
There are now 6 tents snaking up Tamarind Ave towards your building.

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be “coming for them”... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE—ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE “POOR” HOMELESS PEOPLE ALIKE).

Hello Shannon,

Sorry for this late request.

Would it be possible to request for relax parking enforcement on Franklin Ave for tomorrow?

It would be for the south side of Franklin Ave., from Normandie Ave to Winona Blvd.
Wednesdays from 8am to 10am.

We have a production parking on the n/s of Franklin Ave and would love to relax parking enforcement on the south side for residential parking.

Let me know if this is something we can process for tomorrow.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz,

I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

> Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn’t be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they’re there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children’s school, church, and unless I’m mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn’t see the occurrences that we see here everyday. If we wait it out, we’re just waiting for something bad to happen.

Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

Yesterday I noticed my bike was stolen from the gated and closed parking garage at 1762 tamarind ave.
It is so frustrating that people are breaking into a private property and stealing and there nothing we can do. We are not safe.
So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents? MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,

What can you do about our safety???

Hi,
Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there with the garbage bags in them; so the feeling of being at home is there and approval.

"Almost one week to the date of our LAPD meeting it appears as though
their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building.

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Dear Neighbors,

Might have been the result of an intense physical in-fighting between and among factions within the Homeless Group in the Carlos Tamarind area. I have not personally seen it but it was in the late night news last night. The physical violence was caught on camera by Fox 11 News. Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterda y on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a

gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

This isn't something I should have to deal with!

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/

We will continue to use the means that are lawfully available to us to address the problem.

After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are

around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

> Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

His threats continued, but when I came ten minutes later to let in a friend, he was gone. I am a bigger guy, and I can handle myself. There are a lot people who can't. It's not right that people who pay rent and taxes to the city have to feel so unsafe where they live. I have sympathy for people in a bad situation, but this DRUG ABUSE, HARASSMENT, DOMESTIC VIOLENCE, and POLLUTION on OUR STREET has to stop. Now. We asking for help. Please help us. Thank you.

Also recently, we've had many strange vehicles driving very slowl y down our street at night and stopping by the tents, or just idling.

Their presence is signaled among the encampment by whistles and th ecall" look alive," which brings certain campers out to meet the st rangers. The cars leave a short time later. If you are TRULY sick of all this shit you've been putting up with....the homeless, the tents, the governing officials not caring about we the people, trash and human defecation everywhere blocking the sidewalks and street parking, over population in LA, taxes going up, gas prices going up, rent going up, your hard earned money paying for other people's health and well-being, pushing for taking away our right to bare arms, the general feeling of being unsafe and scared to live where you live.....
THEN VOTE JOHN COX FOR GOVERNOR AND NOT GAVIN NEWSOM.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

> Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

This isn't something I should have to deal with!

Also, any word on making this a permit parking only street? I saw three people in a row the other night asleep in their car after I'd spent around an hour looking for a spot of my own.

Good morning,

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/
and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

As others quickly gathered to stop him I called 911.
> After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Dear Sgt Geaney,

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents? MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...).
And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,

CD13 contracts with the Los Angeles Conservation Corps (LACC) and they hire and provide the crew members for our Clean Teams. These members are students and we neither select nor keep a list of who is assigned on a day-to-day basis.

We have two supervisors who are in charge of our two Clean Teams: J. Reyes and A. Olivares. They are employed by the LACC. It is up to you whether you wish to contact the LACC directly.

Hi Tony,

Please find the attached request. I submitted it to the city earlier this week and was told it would be more expedient to send to each councilmembers office directly. Let me know if you have any questions.

RE: Request for Public Records

To Whom It May Concern:

Under the California Public Records Act § 6250 et seq., I'm requesting the following:

> All emails and attachments within the mayor's office or each city councilmembers' office discussing "prostitution" "prostitute" "sex trafficking" or "sex worker" from October 1, 2016 to September 30, 2018.

If there are any fees for searching or copying these records, please inform me if the cost will exceed $10. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding. I am a representative of the news media and my request is related to news-gathering purposes. This information is not being sought for commercial purposes.

The California Public Records Act requires a response within ten business days. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies of the requested records. If the information can be released immediately, please do so.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Sincerely:

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. *And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.*

And it is correct; the homeless situation is of epidemic proportions across the city. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

This isn't something I should have to deal with!

Also, any word on making this a permit parking only street? I saw three people in a row the other night asleep in their car after I'd spent around an hour looking for a spot of my own.

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/

We will continue to use the means that are lawfully available to us to address the problem.

By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Thank you for your kind consideration.

I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

It is so frustrating that people are breaking into a private property and stealing and there nothing we can do. We are not safe.
So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents?

MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,
What can you do about our safety???

Hi,
Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there with the garbage bags in them; so the feeling of being at home is there and approval.

I quote a message from one of us here:

"Almost one week to the date of our LAPD meeting it appears as though their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building.

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Dear Neighbors,

Might have been the result of an intense physical in-fighting between and among factions within the Homeless Group in the Carlos Tamarind area. I have not personally seen it but it was in the late night news last night. The physical violence was caught on camera by Fox 11 News.
Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

To quote you, the Good Honorable Mr. Mayor: "...confront the greatest moral and humanitarian crisis of our time." (HOMELESSNESS)...IT'S

His threats continued, but when I came ten minutes later to let in a friend, he was gone. I am a bigger guy, and I can handle myself. There are a lot people who can't. It's not right that people who pay rent and taxes to the city have to feel so unsafe where they live. There has been more of a presence by officials but I agree it's still almost unbearable to

live here now.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I writ e this, but this is everyday normal... I can hardly work anymore because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happ

ening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the enca mpment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On

top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Hi,
I think that is an excellent idea. We should know each other. It is really nice that you offered your place Jordan, thank you.
Another possibility could be - maybe we can organize some potluck barbeque party for our tenants... We have a lovely patio...

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after

themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them

. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and thre atening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into

a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Thei r presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Hello Everyone,
I just encountered a tenant outside whom I didn't know. A blonde woman. I am trying to make sure our complex is safe and livable. I asked her who she was as she parked in a spot I am not sure she has in our building. It's understandable, the parking situation is our building is questionable. I think she's lived here for years, and it occurred to me that we all don't now each other. There are A LOT of new people in the building, and I think it would be good for us to have a meet and greet at some point. I am more that willing to host something at my place, #307. Let me now...

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About

two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

This isn't something I should have to deal with!

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/
and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen

bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

It is so frustrating that people are breaking into a private property and stealing and there nothing we can do. We are not safe.
So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents?
MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,
What can you do about our safety???

Hi,
Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there with the garbage bags in them; so the feeling of being at home is there and approval.

We thank Sergeant Shannon Geaney for meeting up with us on Friday, the 20th.

But today, the 26th, we can't believe the homelessness situation here at Carlos Tamarind has even gotten worse...just a week to the date of our meeting.

I quote a message from one of us here:

"Almost one week to the date of our LAPD meeting it appears as though their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building.
Brian"

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Might have been the result of an intense physical in-fighting between and among

Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

His threats continued, but when I came ten minutes later to let in a friend, he was gone. I am a bigger guy, and I can handle myself. There are a lot people who can't. It's not right that people who pay rent and taxes to the city have to feel so unsafe where they live. There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the stree

t with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of

the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street

filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many stran

ge vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons amo ng all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Thanks. What will their requests be? We are not going to support the closure of Whitley next week, particularly if we are not even speaking until Monday morning. That is not nearly enough time to do enough outreach and planning for an area that has had far more than its fair share lately of filming.

I will be happy to talk to them but they need to know our expectations and what the neighborhood has been experiencing. If filming in this neighborhood is so critical, they need to A) wait until things settle down, as I've directed, and B) be proactive and robust with their outreach.

Lots of other productions seem to understand the sensitivity involved in Hollywood with street closures. The Rookie has filmed here before and went through the process. Tarantino worked for months on their project. We expect similar sensitivity from these folks particularly given their shifting requests and previous experience in Hollywood.

Hi Adrian,

Yes, I'll be available later today, just let me know a ballpark time; however, per my previous correspondence, depending on what they're asking for it's going to have to be after the work on Selma finishes (August 14th). Our office is not going to support any more posting for filming in this immediate neighborhood at least until the Selma construction project finishes.

Thanks, Adrian.
The most important issue for us is that impacted residents have access to some sort of parking relief.

Hello George,

Sorry for the late notice on this permit request. The coordinator who was working on it has been out of the office due to an illness. I wanted to make sure the council office was aware of filming tomorrow at 5333 Hollywood Blvd.

Production will have a full closure of the following street adjacent to the location and the following no parking.

- FULL CLOSURE SERRANO AVE, HOLLYWOOD BLVD - LOMA LINDA AVE

9/6. 0600-2100 hours.

- B/S HOLLYWOOD BLVD, WESTERN AVE - HARVARD BLVD

B/S SERRANO AVE, HOLLYWOOD BLVD - RUSSELL AVE
B/S LOMA LINDA AVE, SERRANO AVE - HARVARD BLVD

9/6. No parking anytime.

Production did conduct a community survey and is working with displaced residents for parking. Please let me know if you receive any constituent concerns regarding this shoot.

Thanks,

Thanks. What will their requests be? We are not going to support the closure of Whitley next week, particularly if we are not even speaking until Monday morning. That is not nearly enough time to do enough outreach and planning for an area that has had far more than its fair share lately of filming.
I will be happy to talk to them but they need to know our expectations and what the neighborhood has been experiencing. If filming in this neighborhood is so critical, they need to A) wait until things settle down, as I've directed, and B) be proactive and robust with their outreach.

Lots of other productions seem to understand the sensitivity involved in Hollywood with street closures. The Rookie has filmed here before and went through the process. Tarantino worked for months on their project. We expect similar sensitivity from these folks particularly given their shifting requests and previous experience in Hollywood.

It looks like they want to move forward with the Hollywood locations and try to scale their foot print down as much as possible. They are also really pushing for the full closure of Whitley. Production can get a parking lot in place for displaced residents asap.

Let me know.

Hi Adrian,

Yes, I'll be available later today, just let me know a ballpark time; however, per my previous correspondence, depending on what they're asking for it's going to have to be after the work on Selma finishes (August 14th). Our office is not going to support any more posting for filming in this immediate neighborhood at least until the Selma construction project finishes.

We told production that a full closure of Hollywood Blvd next week was out of the question and that if they plan on pursing a closure of that size in the future, that it would take 7-9 weeks.

Production is still hoping to get some closures for their filming activity and have proposed the following closures.

* B/S CURB LANE CLOSURE HOLLYWOOD BLVD, CHEROKEE AVE - SCHRADER BLVD
B/S CURB LANE CLOSURE WHITLEY AVE, HOLLYWOOD BLVD - YUCCA ST

Subject: Response Needed -- Various Issues re: Once Upon A Time In Hollywood

Hi everyone,

I regret to share this kind of news but I need to relay an upsetting phone call I received a short while ago. Our office was contacted by Jocelyne Rohrback, who lives on the 1700 N block of Cherokee. She reported several complaints related to her experience with the *Once Upon A Time in Hollywood* shoot. I am listing them below.

I apologize for the mass email but I need to make sure that our office is responsive and gets clarity on her complaints. I have listed your names in **bold, below.** Please respond where applicable.

Here are the issues she reported:

- Temporary "No Parking" signs were posted on Cherokee Ave, N of Hollywood Blvd, on 7/13, in conjunction with a permit that ran from 7/16-7/20. I have confirmed those details with LADOT. However, reportedly on Saturday 7/14 (before the permit went into effort) as many as 30-50 vehicles were towed. I'm curious and concerned to hear of this. **Rick, can you shed some light on this?**

- Jocelyne reports that she reached out to Film LA and LAPD multiple times but did not have pleasant experiences. I am not sure exactly who she spoke to, but she said that her conversation with Film LA resulted in someone hanging up on the phone on her, and apparently her conversation with LAPD resulted in the beginning of an Internal Affairs investigation. **Arturo and Capt. Palka, can you advise?**

- She maintains that the community was not informed of certain street closures, like Yucca Street, that that was never part of the outreach. **Rick and Arturo, can you advise if a close of Yucca Street was (or wasn't) on any of the outreach material (flyers, surveys, etc.)?**

- Reportedly, production left behind garbage, parking cones, and dumpster(s) at least on Cherokee. **Rick, can you advise?**

At minimum, since this stems ultimately from a filming issue, **Arturo,** can you please reach out to Jocelyne on behalf of Film LA. I would appreciate reinforcement of the fact that we all take community relations seriously.

Jocelyne Rohrback

Please advise. Thank you.

The gentleman that told our teams that is named Glenn, I'll have to find out his last name.
We take everything that we get from our Hollywood maintenance locations there, but we have always placed electronic items (which he said not to bring at all anymore) and metal, like bicycle frames and bed frame, etc, in a separate designated area.

The thing is, when someone else places unauthorized material there our teams are under suspicion.

But Jonathan and Adrian have integrity and they follow the rules there.

This came down from the main yard supervisor.

Now these items would have to be either left behind or hauled all the
way to Northeast LASAN.

I'll speak to them, but my word has no leverage there with them.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I

told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Also, any word on making this a permit parking only street? I saw three people in a row the other night asleep in their car after I'd spent around an hour looking for a spot of my own.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/

By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the wom an now as I write this, but this is everyday normal... I can hardly work anymore because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them

. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug deal ership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere.

Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Good morning all,

Please remember to stay in contact with Councilman Mitch O'Farrell's Office about the parking restrictions and funding for a beautification project. In the meantime, we will continue to advise and enforce where we can.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; the homeless situation is of epidemic proportions across the city. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street

Also recently, we've had many stran

Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons amo ng all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Hi, Vladimir, please report the missing utility cover by calling 311, and give them the precise location details. It looks like a Department of Water and Power utility, however. 311 should be able to assist you with this.
I will assign the CD 13 Clean Team to do clean up maintenance at these locations on Tuesday.

Please let me know if you need further assistance, or if there's anything else I can do for you.

Thank you,

Hi Sylvan

My name is Vladimir Reyes as I live at 1255 N. Gordon Street as I was given your name by Field Deputy Dan Halden to contact you in regards to neighborhood clean up requests. Here is a area that needs to be address asap as it is located at 1306 N Gordon Street as you can see from these pictures there is a missing water cover that one day may lead to a accident in the near future. You can also see that the Street has not been clean in front of this address very well by the City of Los Angeles. They need to sweep from the top of Sunset to Lexington Ave as this the left side of the street which is clean on Tuesday.

This is the right side which is clean on Monday on N. Gordon Street; Construction Company has already completed by these Street have not been clean for 7 weeks. They remind very dirty as the Street Sweeper needs to clean these Street more then once on Monday and Tuesday.

There is one last request and that is can this tree planted the City of Los Angeles year ago be trim down as the over growth is out of control which set in front of 1306 N. Gordon Street and 1249 N. Gordon Street.

Thank You

District Maintenance Update.

Jonathan is off for the next 2 days.
Adrian will be in George's area on Friday.

Adrian will be in Mary's and Hector's areas on Saturday.

NOTE: I have noticed an unusual amount of litter in high-maintenance locations along Alvarado, Reservoir St, Sunset Blvd and Hollywood Blvd. ***In Dan, George, Juan and Mary's areas.***
(Jonathan provides maintenance coverage in Hector's areas).

It's bad and I want it cleaned up ASAP, so LABT and OCB will be getting lots of extra clean up requests from me over the next week.

I'm standing by for Clean & Green Program of LA Conservation Corps to do maintenance work for us in Juan's area.

I bartend in Beverly Hills and I usually get home around midnight or one o'clock in the morning to see a lot of unacceptable behavior happening. The spray painted RV that has been parked on Carlos (with the large face painted on the back) is a constant hang out place where the homeless drink, break bottles, smoke weed and yell at people returning to their cars from the Pantages or Fonda Theatres.

I have noticed the same car full of young kids keeps parking in the same red zone on Tamarind Ave to smoke weed every morning. I assumed this was a car pool for someone living on the block because it is a daily occurrence, but this morning I noticed that people living in the tents now join them to get high. This happens EVERYDAY of the week at 10 am when I go for a run. That is not an exaggeration, it is routine. I took the following picture of the Kia Rio license plate 6ZOP535 and still have not seen any sort of police respond.

I don't know that we have any options and we don't seem to have any support from the city. If we all start moving out of this area then Hollywood will soon just become another Skid Row. It's a shame that there are families living in this area with children, and other families that bring their children to the church just a parking lot away and still the city has zero urgency or motive to help keep this area safe.

At what point do we seek an attorney to represent us?

The car in front of mine was broken into this past weekend, so I do believe there is suspicious activity going on with the parked automobiles in our street.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.

Hello George,

Sorry for the late notice on this permit request. The coordinator who was working on it has been out of the office due to an illness. I wanted to make sure the council office was aware of filming tomorrow at 5333 Hollywood Blvd.

Production will have a full closure of the following street adjacent to the location and the following no parking.

- FULL CLOSURE SERRANO AVE, HOLLYWOOD BLVD - LOMA LINDA AVE
  9/6. 0600-2100 hours.

- B/S HOLLYWOOD BLVD, WESTERN AVE - HARVARD BLVD

B/S SERRANO AVE, HOLLYWOOD BLVD - RUSSELL AVE
B/S LOMA LINDA AVE, SERRANO AVE - HARVARD BLVD
9/6. No parking anytime.

Production did conduct a community survey and is working with displaced residents for parking. Please let me know if you receive any constituent concerns regarding this shoot.

Thanks,

Hi Christine

Our wonderful Anthony has promoted out to DWP. I'm the new Doodle for the time being.

My calendar is quite open this week.
Do you want to provide 3 dates and we'll work around that for a mtg in City Hall?

If they doesn't work, we'll plan for after 11/26. Thanks.

Hello all,
May and Anthony. BOE (Bill, Jane, Richard), have a general "scope"/framework for a possible TOS for the Hollywood project. Bill will be out for vacation Nov 7 thru Thanksgiving. Did we want to try and meet prior? If so, Anthony, could you send out one of your wonderful "doodle" calendars based on you availability before Nov 7 and/or after Nov. 26?

Thank you!

Dear Mr Halden,

Happy Halloween!

Steven Carthy here, I'm a homeowner here on Taft Avenue and have been speaking with neighbors nearby about the issue on the corner. I know that Ricky Bouguille had been in touch with your office and you are aware of the situation. As of this afternoon much of the material that was removed this morning by the 311 request has been replaced by other stuff.

When discussing this matter with the management at the 7-11, Pier 1 and California Donuts it was suggested that the large construction site is a contributing factor. The Chaos inherent in a large scale project like that can increase the amount of people polluting the area nearby. 7-11 is currently doing a remodel so they have a dumpster and temporary storage container in the lot which does not help the situation.

I am writing to let you know that I have reached out to the office of Wood Partners who are in charge of the large construction site on our corner. https://www.woodpartners.com. I spoke with Beth Nooney at one of their east coast offices and she asked that I send her an e-mail with my info but have not heard back yet. Their web site also has a generic contact request form but I've not heard back from that either. Wood Partners' contact number is 713-496-3111. I am in hopes that they will engage the community and hopefully assist in some way, informational or otherwise.

I have some specific ideas on how to mitigate the problem but would need the support of the business owners and your office in order to move forward.

Thank you for taking the time to read this and please acknowledge receipt.

Sincerely,

Steven Carthy

Hi All,
Thanks to those of you who have replied already- if you have not please accept or decline the calendar invitation or email me back

asap.

I have attached an agenda for the day and a parking map, parking instructions are below, attached to your calendar and on the agenda page. Please note, you will not be admitted to park if you have NOT RSVP'd for this event by either accepting the calendar invitation or by emailing me by 10am on Tuesday, October 16.

I can't promise fun for all of these meetings, but I can for this one!! Can't wait to see you all, let me know if there are questions or concerns. Don't forget, NBC/Universal has so graciously hosted us for the event and lunch, which constitutes acceptance of a $20 gift. If you do not wish to accept lunch, please let me know when you arrive so that we can mark that down.

Best,
Stephanie

Subject: Quarterly West/Metro Field Deputies Meeting- October 17
Importance: High

Dear Friends:

We are coming up on our next West/Metro Field Deputies meeting and we are so excited that NBC/Universal has agreed to host us. I know for some of you "Westsiders" this is a bit far, but we want to showcase ALL of the Third Supervisorial District and promise it will be a fun experience.

NBC/Universal has offered to cover the cost of lunch for all attendees, so you will be receiving a gift of $20 for your boxed lunch. If you do not want to receive this as a gift, please let me know so that we can make sure NBC/Universal marks that as such. Remember that anything over $50 in a calendar year from a single source must be reported per FPPC guidelines.

I will be sending parking information and an agenda the week before, but this meeting will focus on NBC/Universal, film tax credits, film industry in Los Angeles and a fun surprise!! Hope to see you there, more info to come!

Best,
Stephanie

Good morning Dan,

Im following up with production this morning to see where they can scale back and Im requesting a plot plan asap for review. They should have started doing some outreach over the weekend to the area. I also explained the concerns with proposed full closure of Whitley Ave and how displaced residents would need to know of a parking lot doing the outreach process. Production said they could leave the northern half of Whitley open and would only need to the full closure on the southern half closer to Hollywood Blvd.

The proposed curb lane closures on Hollywood Blvd and adjacent streets should not impact traffic flow and should not take up available legal parking and will be restricted/pulled back if needed. They are mainly requested for encroaching on red zones and no stopping/parking zones for equipment placement. We still have the ability to restricted the permit for any legal street parking if needed as well.

Let me know if you have any names/contacts of particular stake holders and merchants in that area that need extra outreach and ill have production jump on those right away. If needed we could also assign a filmLA monitor to shoot to help with any community concerns during the film shoot.

Thanks. What will their requests be? We are not going to support the closure of Whitley next week, particularly if we are not even speaking until Monday morning. That is not nearly enough time to do enough outreach and planning for an area that has had far more than its fair share lately of filming.

I will be happy to talk to them but they need to know our expectations and what the neighborhood has been experiencing. If filming in this neighborhood is so critical, they need to A) wait until things settle down, as I've directed, and B) be proactive and robust with their outreach.

Lots of other productions seem to understand the sensitivity involved in Hollywood with street closures. The Rookie has filmed here before and went through the process. Tarantino worked for months on their project. We expect similar sensitivity from these folks particularly given their shifting requests and previous experience in Hollywood.

Hi Dan,

Are you free for a conference call with production anytime soon?

It looks like they want to move forward with the Hollywood locations and try to scale their foot print down as much as possible. They are also really pushing for the full closure of Whitley. Production can get a parking lot in place for displaced residents asap.

Let me know.

Hi Adrian,

Yes, I'll be available later today, just let me know a ballpark time; however, per my previous correspondence, depending on what they're asking for it's going to have to be after the work on Selma finishes (August 14th). Our office is not going to support any more posting for filming in this immediate neighborhood at least until the Selma construction project finishes.

Good morning Dan,

Just wanted to check in regarding the rookie's request for closures in Hollywood next week.

We told production that a full closure of Hollywood Blvd next week was out of the question and that if they plan on pursing a closure of that size in the future, that it would take 7-9 weeks.

Production is still hoping to get some closures for their filming activity and have proposed the following closures.

- B/S CURB LANE CLOSURE HOLLYWOOD BLVD, CHEROKEE AVE - SCHRADER BLVD

B/S CURB LANE CLOSURE WHITLEY AVE, HOLLYWOOD BLVD - YUCCA ST
W/S CURB LANE CLOSURE CHEROKEE AVE, HOLLYWOOD BLVD - SELMA AVE

Now they're blocking both half of the street and the sidewalk.... Id deal with it but I got somewhere to be. if it isn't one of us getting hurt one of them is going to get hurt traffic flows through this neighborhood so damn fast.

Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner…
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows…

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

> Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen

significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

This isn't something I should have to deal with!

Also, any word on making this a permit parking only street? I saw three people in a row the other night asleep in their car after I'd spent around an hour looking for a spot of my own.

Best of luck to all of you. Los Angeles has let me down. Thanks to the inaction of our mayor, council members, and law enforcement.

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/
and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

I've directly written Sgt Shannon Geaney on at least two or three occasions. We've yet to hear from her.

As others quickly gathered to stop him I called 911.
> After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Dear Sgt Geaney,

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk

homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were

harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

RE: Request for Public Records

To Whom It May Concern:

Under the California Public Records Act § 6250 et seq., I'm requesting the following:

> All emails and attachments within the mayor's office or each city councilmembers' office discussing "prostitution" "prostitute" "sex trafficking" or "sex worker" from October 1, 2016 to September 30, 2018.

If there are any fees for searching or copying these records, please inform me if the cost will exceed $10. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding. I am a representative of the news media and my request is related to news-gathering purposes. This information is not being sought for commercial purposes.

The California Public Records Act requires a response within ten business days. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies of the requested records. If the information can be released immediately, please do so.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Dan,

Thanks for getting back to me and taking time to talk.

To review, the problem in this area on the streets is not the 'cosmetic' - it's criminal behavior from people on the street. You call the problem people 'transients' or 'drifters,' but they are indeed mostly passing through. Some of them stick around for while, but most don't.The problems they cause, however, are creating physical danger for people. For example, in the past 4 years, I've had one of these people pull a knife on me; another one purposely hit me as he passed opposite me on the street; another tried to start a fight with me; yet another harassed me to engage a prostitute; and there are more incidents. I know this is not unique to me, as I know other people living in the area who have had similar experiences. I'm not a big guy, but I'm fairly capable on the street. But other people I know are not - and they tend run from such experiences, and are shy away from reporting it out of embarrassment or frustration with how their complaint is received.

Other obnoxious acts by transients in the Hollywood area include brazenly walking into fast-moving traffic against red lights, causing obvious danger of the cars rear-ending each other, let alone running over the person doing the act. Transients will often camp on a busy street in the intersection of Hollywood and Highland, blocking the street and creating filth. Aggressive panhandling is epidemic, with many of these people hovering at the doorways of stores to intimidate people coming and going. Transients panhandling by walking into lanes of waiting traffic at crowded intersections is also epidemic. There are transients positioning themselves on the center islands of streets (a misdemeanor) at stop lights to panhandle people stopped at the light. Very intimidating for anyone late at night, let a lone a woman by herself.

The foot traffic on the walk of fame is heavy due to performers, but it seems to be harmless, other than hindering one's ability to get around nearby. (What might work is opening what would be the 'bicycle lane' on the north side of Hollywood Blvd. at the Chinese Theater o foot traffic, so people could walk behind - and thus around - the street vendors/performers. Aggressive groups of street hawkers obnoxiously (and likely criminally) trying to foist "CDs" on people presents its own set of problems.)

There is a fairly good system of communication among the types of people causing the problems I've described. The great resources of LAPD patrol in the area certainly aids in keeping control, but there is nothing - and I must repeat, nothing - like deployment of undercover officers aggressively, and persistently making arrests in the area for the types of activities I've described. No one enjoys being booked into county jail (and after spending a few hours in an LAPD prisoner bus located off-site, to allow officers to make arrests and get right back on the street), so word will get quickly spread among potential offenders of the risk and consequence for the criminal and obnoxious behavior so pervasive in this area, and only the most hard-core or mentally ill of offenders will persist, until they too are arrested repeatedly, are likely sentenced to county jail. Another detail: I would venture that most of these people are also carrying a weapon that would subject anyone to arrest.

Right now, the risk for offenders to behave criminally and obnoxiously is very low: even in view of uniformed officers, who have hotter calls to answer and must attend to matters deemed most important by superiors. Ironically, deployment of undercover officers to make arrests will likely result in the need for fewer officers overall. It did in my experience in law enforcement. (Pasadena Police: I was a reserve officer for 19 years, with the rank of reserve lieutenant.)

Please don't hesitate to contact me if I can be of any further assistance.

Gentlemen,

I wanted to bring to your attention the email we received a few weeks ago pertaining to the Hollywood & Highland area. I had a very nice chat with this gentleman, Robert Fine, who lives in the area and was also a reserve officer for 19 years.

Please feel free to respond if/how you would like. I did not promise any response from LAPD but said that I would share the feedback. Note that he has high regard for the work LAPD does in our community.

Thanks,

Help us bring light to this criminal Brett Schulte who preys on homeless children; drugs, rapes, then exchanges for financial gain to his Hollywood friends. He is doing it out in the open and authorities have just been waiting for someone to report a new incident. But the kids dont know any better because he gives them all kinds of gadgets and electronics. I cant go in and ask for everyones ID. But even a Search Warrant would find a lot of date-rape drugs. See more for yourself here as he is featured at the main page of this website: HollywoodSexRing.com

We have done our research and an undercover sting operation would be very easy and effective in putting this guy behind bars, police are simply waiting until he screws up again. It could be a long time the way the celebrities shower the kids with riches, but they are under age and being traded for financial gains. We need a strategic partnership with your network/resources and Los Angeles Police Department. Sex trafficking is all over the news and I think this story has potential to generate a big highly needed audience to raise awareness for us.

Hi Cameron,

Again, thank you for coming in to our district office and meeting with our field staff.

This email was sent to the Councilmember this morning and it is in line with one of the topics of conversations yesterday. I know Senator Feinstein is passionate about this issue, can you please advise on a response to this constituent, or may we refer him to you?

Thanks.

Hi Marisol,

Thank you again for inviting me to join your staff meeting yesterday – I am sure we will continue to work together moving forward. You are welcome to refer Mr. Xuna to our office; my colleague Sabiha Khan who is the Senator's Human Trafficking lead in Southern California would be happy to meet with him and connect him with the proper resources.

Also – Yesterday we discussed unaccompanied minors living and attending schools in your district. Dr. Kristen McGregor is the Principal of Belmont High School in case your office wants to meet with her.

Best,

REPORTER REQUEST: KABC - TRANS SEX WORKERS

To: Mitch O'Farrell <mitch.ofarrell@lacity.org>, Jeanne Min <jeanne.min@lacity.org>, Daniel Halden <Daniel.Halden@lacity.org>

Mitch:

We received a request from KABC radio on the letter Bamby sent. The reporter is also reaching out to LAPD, MEG, and CA.

I don't want to reply with 'no comment' - but I wanted to pivot to the positive and at least provide something to the reporter. Are you ok with me saying this?

"Our office is meeting with members of the Transgender community to hear their concerns, and is working with the City's Transgender Advisory Council to ensure that everyone's voice is heard in this conversation."

POLICE SERGEANT

Class Code: 2227
Open Date: 10-21-16
(Exam Open to Current City Employees)

ANNUAL SALARY

$102,562 to $114,318 and $108,241 to $120,686

DUTIES

A Police Sergeant supervises a squad or detail of Police Officers or civilian employees in the performance of their assigned duties; performs some initial and follow-up investigation of crimes; does some surveillance work to detect and prevent crime; and does related work.

REQUIREMENTS/MINIMUM QUALIFICATIONS

1. Four years as a Police Officer and/or Police Detective in the Los Angeles Police Department (LAPD), of which two years (26 Deployment Periods) must have been in an eligible geographic field (patrol) and/or traffic assignment by July 7, 2017; and
2. Completion of 60 semester or 90 quarter units at an accredited college or university.
3. Experience as an officer of a public, non-military law enforcement agency (other than the LAPD or MTA) may be substituted at the rate of one year of such experience for six months of qualifying service, for up to a maximum of one year of the four-year requirement.

PROCESS NOTES

1. Eligible patrol experience is defined as any employee who has been assigned to a division or other organizational component that works in the field in uniform. This includes, but is not limited to, employees assigned to patrol, Metropolitan Division, traffic enforcement and collision investigation officers, Special Enforcement Officers, Air Support Division observers, uniformed officers assigned to the Prostitution Enforcement Detail, uniformed officers working a "school car," or officers assigned to the "J-Car" detail who wear uniforms exclusively.
2. Applicants who have completed a minimum of 30 semester units or 45 quarter units may file for this examination, however, they cannot be appointed until they have completed the 60 semester or 90 quarter units as indicated above. Education will be verified by LAPD Personnel Division's Position Control Section, located at 100 West First Street, Rm. 228 (213) 486-4690. Official copies or Original Transcripts will be required prior to appointment. DO NOT submit transcripts to the Personnel Department.
3. Applicants must list their school name and location, total number of semester or quarter units and completion dates on the School/Training section of the application.
4. All applicants **must** submit a Police Sergeant Verification of Work Experience form (VWE) signed by the supervisory officer under whose supervision patrol/traffic experience was obtained, or by a supervisory officer who has verified that the applicant has obtained the required patrol/traffic experience. The form may be downloaded at http://per.lacity.org/exams/2227vwe.pdf. Applicants may attach the completed VWE form to their on-line application at the time of filing or will have seven (7) days from the on-line submission date to submit a copy of their completed VWE form to: Personnel Department, Room 100, 700 East Temple Street, Los Angeles, California 90012. Applicants who fail to submit their signed VWE form within the time required will not be considered further in this examination and their applications will not be processed.
5. Please note that the required education must be from an accredited college or university. An accredited college or university is one that has been accredited by an approved accrediting agency. A list of approved accrediting agencies can be found at: http://per.lacity.org/Accredited%20Institutions%2008-21-08.pdf.

WHERE TO APPLY

Applications will only be accepted on-line. **When you are viewing the on-line job bulletin of your choice, simply scroll to the top of the page and select the "Apply" icon.** On-line job bulletins are also available at https://www.governmentjobs.com/careers/lacity/promotionaljobs for Promotional Examinations.

Only police experience shall be shown in the employment history part of the application and shall include the date of original appointment as a Police Officer, date of each promotion, and date of each transfer to another bureau or type of assignment that lasted three months or longer.

Applicants are urged to apply early to ensure you have time to resolve any technical issues you may encounter.

APPLICATION DEADLINE

Applications must be received by THURSDAY, NOVEMBER 3, 2016

AN EQUAL EMPLOYMENT OPPORTUNITY EMPLOYER

NOTE:

Applicants are urged to apply early to ensure you have time to resolve any technical issues you may encounter.

SELECTION PROCESS

After meeting minimum qualifications, candidates will be scheduled for the following:

Examination Weights:
Written Test – Multiple-Choice .... **Qualifying**
Essay Test .... **Advisory**
Interview (including City Application, Essay, and Personnel Folder) **100%**

The examination will include a qualifying multiple-choice test, an advisory essay, and a weighted interview. Candidates must receive a passing score on the qualifying multiple-choice test to continue in the examination. The multiple-choice test and advisory essay writing sessions will be held in Los Angeles on **SATURDAY, JANUARY 7, 2017.** Candidates will be notified by e-mail of the time and location of the written tests. **Candidates will also be notified by e-mail of the** date, time, and location of their interview, which is expected to be held in **March, 2017**.

In the qualifying multiple-choice test, candidates may be examined for knowledge of: LAPD's policies, procedures, and philosophy related to personal conduct, public contact, patrol procedures, and Constitutional Policing; strategic planning, field operations, tactical deployment, investigative strategies, and information gathering; criminal law, Constitutional law, and current case law related to preliminary investigation, probable cause, elements of crime, arrest and crime reports; juvenile procedures; notifications, personal rights, detention, custody, and booking; use of force policies and procedures; local and State referral agencies; safety policies and procedures; LAPD's training techniques; the ability to lead and engage a diverse workforce; knowledge of and the ability to implement EEO rules and procedures; and, other necessary knowledge and abilities.

The multiple-choice questions, with the possible exception of questions intended to test analytical ability in which all pertinent information is provided, will be from sources listed on the published bibliography. Copies of the bibliography will be available on-line at http://per.lacity.org/exams/2227Biblio.pdf. **Additionally, all Los Angeles Police Department employees may contact LAPD's Career Development Unit via e-mail at:** career_development@lapd.lacity.org **for information regarding study materials.** Written test booklets will no longer be provided to candidates at the conclusion of the written test. Additionally, protests on individual test items will no longer be accepted or reviewed. However, the final test key will be established following a review of the test by a panel of subject matter experts.

In the advisory essay writing session, candidates may be examined for knowledge of and ability to apply: LAPD's policies, procedures, and philosophy related to personal conduct, public contact, patrol procedures, Constitutional Policing, field operations, investigative strategies, information gathering, use of force procedures, and leadership methodology; the ability to communicate effectively in writing; and other necessary knowledge and abilities. The response will not be separately scored, but will be presented to the interview board for discussion with the candidate and for consideration in the overall evaluation of the candidate.

In the interview, emphasis will be placed on the candidates' knowledge, experience, education/training, and quality of performance as they have prepared the candidate to perform the duties of a Police Sergeant. Candidates may be examined for the ability to: Lead and supervise sworn and/or civilian subordinate personnel; guide the activities of a diverse workgroup; interact tactfully, effectively, and sensitively with a variety of individuals and groups, including LAPD and other City staff, members of other public agencies, community organizations, the media, and the public; analyze situations and problems, formulate resolutions, and make decisions; plan and organize work; knowledge of and ability to apply LAPD policies, procedures, and philosophy; interpersonal skill; oral communication skill; and other necessary knowledge, skills, and abilities. **LAPD personnel folders will be used.** The interview panel may consist of members of the LAPD and the community.

CERTIFICATION

Candidates on the eligible list which results from this examination and who becomes subject to a Board of Rights Inquiry or disciplinary action during the life of this list, may be withheld from certification or removed from the eligible list in accordance with Personnel Department Policy and/or applicable bargaining agreement.

NOTES:

1. As a covered entity under the Fair Employment and Housing Act and Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodations to ensure equal access to its programs, services, and activities. To request a disability accommodation, please complete the Disability Accommodation Form within 14 days of the submittal of the City application. The disability Accommodation Form can be obtained at http://per.lacity.org/exams/verify_disability.pdf.
2. Applications are accepted and subject to review to ensure that minimum qualifications are met. Candidates may be disqualified at any time if it is determined that they do not possess the minimum qualifications stated on this bulletin.
3. This examination is based on a validation study and, as provided by Civil Service Commission Rule 4.20, the written test will not be subject to candidate inspection.
4. Seniority credit at the rate of 0.25 of a point for each year of continuous service as a Police Officer or Police Detective in the Los Angeles Police Department prior to January 1, 2018 will be added to the final examination score of each candidate.
5. A final average score of 70% is required to be placed on the eligible list.

THIS EXAMINATION IS TO BE GIVEN
ONLY ON A DEPARTMENTAL PROMOTIONAL BASIS

The City of Los Angeles does not discriminate on the basis of race, religion, national origin, sex, age, marital status, sexual orientation, gender identity, gender expression, disability, creed, color, ancestry, medical condition (cancer), or Acquired Immune Deficiency Syndrome.

The lighting shall be such that it renders all objects and persons clearly visible within the establishment, in the front of the establishment, at the rear patio area and at the rear alley. All lighting shall be directed onto the site and no floodlighting shall be located as to be seen directly by persons on adjacent properties. Photographic evidence of the light fixtures, indicating the locations and types of light fixture, shall be submitted to the CCU, **prior to the effectuation of the grant.**

17. At least one on-duty manager with authority over the activities within the facility shall be on the premises at all times that the facility is open for business. The on-duty manager's responsibilities shall include the monitoring of the premises to ensure compliance with all applicable State laws, Municipal Code requirements with all applicable State laws, Municipal Code requirements and the conditions imposed by the Department of Alcoholic Beverage Control (ABC) and the conditional use herein. Every effort shall be undertaken in managing the facility to discourage illegal and criminal activity on the subject premises and any exterior area over which the building owner exercises control, in effort to ensure that no activities associated with such problems as narcotics sales, use or possession, gambling, prostitution, loitering, theft, vandalism and truancy occur.

18. **Prior to the effectuation of the grant**, electronic age verification device shall be purchased and retained on the premises to determine the age of any individual attempting to purchase alcoholic beverages and shall be installed on at each point-of-sales location. This device shall be maintained in operational condition and all employees shall be instructed in its use. A copy of the purchase receipt and photographs of the device shall be provided to the CCU for inclusion in the case file.

19. Only the front door shall be used for patron access. All other access points from the rear patio entryway shall be kept closed and the usage restricted other than to permit temporary access for delivery of supplies and trash removal. The rear patio doorway may be used by patrons frequenting the subject facility only after receiving admittance at the front entrance from Hollywood Boulevard. The rear patio doorway shall not be used for line queues or other patron admission process.

20. Partitions separating booth/dining areas shall not exceed 54 inches in height. No obstructions shall be attached, fastened or connected to the booths/dining areas within the interior space of the facility that restrict, limit or obstruct the clear observation of the occupants.

21. The exterior windows and glass doors of the restaurant shall be maintained substantially free of signs and other materials from the ground to at least six (6) feet in height above the ground so as to permit surveillance into the location by Police and/or private security. Updated photographic evidence shall be provided to the CCU **prior to the beginning of operations.**

Hi officer Guerra! Thanks for your collaboration on this site- we are now in plan check and exhibit phase so we are ready to meet with you onsite to walk through camera locations, lighting, separation fences (from public sidewalk) etc. can you advise on when you can meet with us onsite? Any late mornings or early afternoon would be optimum since our team comes in from Orange county, but we are happy to accommodate your schedule as needed. Copying the cd 13 team in case you are interested in attending as well as Homer for Ncouncil interest :)

Tina, Robert,

To follow-up with our meeting on Tuesday. I wanted to request a complete board up and fence around 1011 N. Western. It is my experience that any location left unattended will draw squatters, prostitution, and narcotics. We then see a rise in burglaries both in vehicles and homes in the area.

After Officers continue to get calls for service and the location is not secured we then refer it to Building and Safety. Please help us keep the neighborhood safe while you go through the transition and let's make this a top priority to secure the location.

In advance I thank you for you cooperation and communication as you continue to move forward with the project. I truly believe this new project will bring nothing but positive things to the community.

Dear Dan ,
Thanks for your email and that the
Sanitation Dept came last week
Our big problem is the encampments
They should be removed completely
As long as they are there the
Trashing issue is there every single
day as well as the fear these people
Cause to the residents the loud
Noise of cursing , radios and fights
In the middle of the night and
many other problems .

This area Leland isn t indicated
For outcasts to be there , they
Should be transferred in other
Areas where there no residents
Babies , young children teenagers
and of course seniors .

Leland was never like this before
and , it s a absolutely inappropriate
To be surrounded by these unfit
Individuals , they have to be
Removed no matter what !!!
We had talks with Mary and the
Management at Hollywood El
Centro and they all agreed this
Situation we are in must end Now!!

Can you please discuss this with
Councilman O Farrell !!!
Thank you so much ,
We ll be for ever grateful ,
Warm regards ,
Faye

Dear Dan hi,
I take the liberty emailing you
again , I haven t noticed any action
Whatsoever taken regarding the
Homeless situation even though
The management of Hollywood
El Centro has emailed you or
Councilman O ' Farrell .

The problem with the homeless
Is getting worse day after day
Because there is NO proper supervision it seems it s out of control ,Now exactly accross our
Gate in Leland there are 4 tents
And some have bikes parked 2
Or 3 and the residents can t park
Their cars , because all the space
Of the sidewalk is taken on
Thru all Leland and the resident
That have walkers are forced to
Put their walkers in the street
With fear that a car might hit them.

The residents are FURIOUS and
ANGRY and this morning when they
Saw me in the alley they were
Asking me for how long they ll
Be suffering from all these they
Go thru from the impossible conduct
If these individuals to limit their
Freedom of walking to have to see
Them dedicating in front of them
In the gardens on the sidewalks as well as the peeing on their cars.

We re gathering signatures so
We can go to Los Angeles Mayor
We might have better luck there
Regarding the removing of all the
Tents from Leland , so the residents
Can be free to walk again without
Obstacles or Fear .

There should not be any tents
Where residents are as in Hollywood

El Centro case , there are many
Other places they can go or be
Directed by the City , they can t
Be limiting the residents to be able
To move freely in their sidewalks .

I ve also heard Prostitution in going
On in these tents , everybody is
Very upset and mad from
The indifference of the Councilman!!!!

Dan , you really have to give this
Matter your highest priority !!!!
before something terrible happens !!!
This Community has families
With little children and should NOT
Be subjected to any violence or
Improper behaviors!!!
I hope you understand that
Residents told me " hie would you
People representatives of the
District feel if all these was
Happening outside your door.

Awaiting a fast complete action
So these tents and their tenants
Be removed immediately!!!

Easter is here so we need to
Celebrate it with peace and
Cleanliness in our neighborhood!!!!
Best
Hollywood El Centro Residents

Good Morning, Daniel!

Mr. Bolour is the owner of a property that has been deemed as a nuisance by the neighborhood and the subject of numerous complaints, such as loitering, staying open after hours, and allowing minors in to the club (under 21).
In addition, there have been calls associated with assault with a deadly weapon, prostitution, theft, and owner in non-possession of worker's comp insurance. These offenses have been noted and Mr. Bolour has been fined accordingly by the City of Los Angeles.

He is more than welcome to contact myself and/or Mr. mark Vargas to arrange a monthly Installment Plan (up to 18 months). We are very accommodating and will diligently work with Mr. Bolour to that end.

If there are any questions, please feel free to contact me directly at 213-978-1834.

Hi Dan,

Things on our side are not going as well. We have been having a lot of trespassing issues (50 year old man standing in our driveway nude, while showering with our hose) Not good for our 10 year old to see in the morning. We are also having people go through our cars, when we forget to lock them on our driveway. Stolen mail, including stolen packages.

The 7-11 is the anchor for for most of the homeless issues we are having here. The security guard, that the plaza owners hired to replace my recommendation, just sits on a chair and texts on his phone all day.

The other issues we are having are relating to parking. Our block is the only street that doesn't have permit parking. Because of that, we have club goers park here. Businesses from sunset park here. We also have a booming prostitution trade, operating on our street. We regularly have to pick up condoms and empty vodka bottles.

Because of all these health and safety issues, I want to once again raise the issue of getting our street set up as permit parking. I touched on this with you in the past. The hurdle is that we have the apartment building across the street. They have their own underground parking. Most of the tenants are more transitory and can't be bothered to engage on any civic issues.

So the question is: What do we have to do to get our side permitted? The other side has no parking anyway. We have been trying to get this through for the entire time we have lived here. The situation is not safe for the residents. Obviously the city agrees that all these areas should be permit parking, but our 100 yards of street has fallen through the cracks.

Best,

Paul Oberman

I would like to add Bill Belsha to this thread,

Bill, pretty sure you know who Dan Halden is, he works with Mitch O'Farrell as has done a great job helping us clear up issue on the street.

Bill lives next to the now abandoned triplex that recently got purchased for development, Bill, if you can please list the address. This property is becoming a major problem, it has recently been boarded up due to prostitutes and their pimps using it to 'hang out'. Stacy and I have cleaned it up numerous times. They get high and scream at each other and get violent, people from the apartments call the police but they are never arrested, how do we force the owners to have a non trespass form filed with the police so that they can do something?

We also have a similar issue at Tuzy's now abandoned house (end of Leland near post office), I've reached out to the developers/brokers that purchased her spot last month about the trash, they said they were going to put up a chain link fence, which a number of us asked them NOT to do as if will create a bigger problem, we simply need to have these developers to clean and take care of their properties. When I met with David Ryu last month he said there were some very specific laws/requirements of developers in these cases and suggested I reach out to you because his district stops at our street.

Can you help?

Would love to have more info so that we can be proactive, we are already seeing our 100 year old house pulled down ready for 2 story box 'duplexes', we shouldn't have to pick up after these developers while we wait for them to ruin our neighborhoods.

Best wishes, Judith

The address is 6611 Leland Way. I just spoke with someone who is associated with the property. I asked him to give the company my info. I'll keep you undated. By the way. The transvestites broke back into the property. If my tenant see this he will bail, and I'll be fucked.

Conditional Use Permit (CUP/ABC) recommendations for:
6541 West Hollywood Boulevard #108 ZA-2017-2055-CUB

1. Within six months of the date of this determination and within six months of hire, all personnel acting in the capacity of a manager of the premise and all personnel who serve alcoholic beverages shall attend Standardized Training for Alcohol Retailers (STAR) session sponsored by the Los Angeles Police Department. All employees who serve alcoholic beverages shall attend follow-up STAR classes every 24 months. Upon completion of the training, the applicant shall provide evidence to the Zoning Administrator that such training was provided.

2. Electronic age verifications device(s) which can be used to determine the age of any individual attempting to purchase alcoholic beverages or tobacco products shall be installed on the premise at each point-of-sale location. This device(s) shall be maintained in an operational condition and all employees shall be instructed in their use prior to the sale of any alcoholic beverage or tobacco product.

3. The hours of operation for the restaurant shall be limited to **10 a.m. to 2a.m. daily**. After hours use of the facility, other than activities required for construction, clean up, inventory or maintenance type activities otherwise allowed per code are not permitted.

4. The premises shall be maintained as a bona fide eating place (restaurant) with an operational kitchen and shall provide a full menu containing an assortment of foods normally offered in such restaurants. The restaurant shall not operate as a nightclub. Food service shall be available at all times that the restaurant is open for business.

5. The applicant(s) shall not sublet the premises to outside "promoters" for nightclub or concert activity at any time. The premises shall not be used exclusively for private parties in which the general public is excluded.

6. Patron ingress and egress shall be solely limited to the front door located on the south-east portion of the building. All other rear/side door(s) shall be equipped on the inside with an automatic locking device and shall be kept closed at all times other than to permit temporary access for employee entrance, delivery of supplies and trash removal. Such rear/side door(s) shall be solid and not consist solely of a screen or ventilated security door.

7. All exterior portions of the site shall be adequately illuminated in the evening so as to make discernible the faces and clothing of persons utilizing the space. Lighting shall be directed onto the site without being disruptive to persons on adjacent properties.

8. Incidental live entertainment may only occur in the courtyard and is limited to a musical band consisting of no more than three (3) performers. All entertainment shall cease by 10 p.m. daily. Disk Jockey and/or Karaoke is not permitted. Live entertainment, as applicable, shall be subject to any required permits to be reviewed and approved by the Los Angeles Police Commission. Should live entertainment not be featured, ambient background recorded music is allowed and shall be limited to a low volume as to compliment the dining experience.

9. Any music, sound, or noise emitted that is under the control of the applicant(s) shall not be audible beyond the subject premise. No music, sound or noise shall be emitted from the subject businesses at a level prohibited by the noise regulations of the Los Angeles Municipal Code. Any unreasonable sound or noise emitted under the control of the applicant(s) shall constitute a violation of Section 116.01 of the LAMC, including any loud, unnecessary noise that disturbs the peace or quiet of any neighborhood or that causes discomfort. The establishment shall make an effort to control any unnecessary noise made by restaurant staff or any employees contracted by the restaurant, or any noise associated with the operation of the establishment, or equipment of the restaurant.

10. There shall be no dance floor arrangement permitted in the subject premises. Patron dancing is not permitted nor shall the applicant(s) accommodate or allow dancing features in any fashion.

11. No admission or cover charge shall be required for entrance into the restaurant. There shall not be any requirement to purchase a minimum number of drinks at any time on the premises.

12. Line queuing on any public sidewalk or expanse adjacent to the subject property is prohibited. There are to be no ropes or other types of barriers put up along any adjoining public right of way to create the appearance of a dance club or night club entry. Additionally, if the location meets its occupancy limit, patrons will not be permitted to wait in line on Hollywood Boulevard to gain later admission into the premises. The applicant(s) will be required to maintain the public sidewalks surrounding the premises free of obstruction whether the obstruction represents persons or semi-fixed objects such as barriers or stanchions commonly used for line queuing.

13. There shall be no Adult Entertainment of any type pursuant to L.A.M.C. Section 12.70.

14. Any future operator or owner for this site must file a new Plan Approval Application or an equivalent to allow the City of Los Angeles to review the "mode and character" of the usage.

15. The Applicant(s) shall at all times maintain the abutting sidewalk and any area controlled by the applicant(s) free of obstruction. Any sidewalk area or patio seating must be approved by a revocable permit from the Department of Public Works.

16. The manager of the facility shall be made aware of the conditions and shall inform his/her employees of the same. A statement with the signature, printed name, position and date signed by the manager and his/her employees shall be provided to the Department of City Planning. The statement shall state,

    We, the undersigned, have read and understood the conditions of approval to allow the sale and dispensing of a full line of alcoholic beverages for on-site consumption, in conjunction with the restaurant located at 6541 Hollywood Boulevard #108, and agree to abide and comply with said conditions.

    A copy of the conditions of this letter of determination, business permit and insurance information shall be retained on the premises at all times and produced upon request by the Police Department, the Department of Building and Safety or the State Department of Alcoholic Beverage Control.

17. At least one on-duty manager with authority over the activities within the facility shall be on the premises at all times that the restaurant is open for business. The on-duty manager's responsibilities shall include the monitoring of the premises to ensure compliance with all applicable State laws, Municipal Code requirements and the conditions imposed by the Department of Alcoholic Beverage Control (ABC) and the conditional use herein. Every effort shall be undertaken in managing the facility to discourage illegal and criminal activity on the subject premises and any exterior area over which the building owner exercises control, in effort to ensure that no activities associated with such problems as narcotics sales, use or possession, gambling, prostitution, loitering, theft, vandalism and truancy occur.

18. The applicant(s) shall install and maintain a camera surveillance system to monitor the interior and exterior of the premises to include entrances, exits, all common areas of the business, and high risk areas. Video recordings shall be maintained for a minimum period of 30 days. The recordings shall be furnished to the Los Angeles Police Department upon request.

19. At minimum, one security guard shall be located on site between the hours of 6:00 p.m. and until thirty minutes after closing. The establishment security guards fulfilling this requirement shall not be involved in any activities other than those that are security related. Security personnel shall be licensed in accordance with State Law and Police Commission standards and maintain valid Bureau of Security and Investigative Services Guard Credentials along with Active Red Cross first-aid certification. Establishment security personnel shall be dressed in such a manner as to be readily identifiable as facility security guards to patrons and law enforcement personnel.

20. The applicant(s) shall be responsible for maintaining free of litter, the area and adjacent to the premises over which they have control. Any graffiti painted or marked upon the premises or on any adjacent area under the control of the applicant(s) shall be removed or painted over within 24 hours of being applied.

21. The applicant shall provide the Zoning Administrator a copy of each license, suspension thereof, or citation issued by the State Department of Alcoholic Beverage Control or the Los Angeles Police Department upon such instance.

22. There shall be no service, sales or possession of an alcoholic beverage on any sidewalk area or any other adjacent property.

23. At any time during the period of validity of this grant, should documented evidence be submitted showing continued violation(s) of any condition(s) of this grant and/or the ABC license of the location, resulting in an unreasonable level of disruption or interference with the peaceful enjoyment of the adjoining and neighboring properties, the Zoning Administrator (Upon his/her initiative, or upon written request by LAPD or Department of ABC) reserves the right to call for a public hearing requiring the applicant to file for a plan approval application together with associated fees pursuant to LAMC Section 19-01-I (Miscellaneous Plan Approval), the purpose of which will be to review the applicant's compliance with and the effectiveness of these conditions. The applicant shall prepare a radius map and cause notification to be mailed to all owners and occupants of properties within a 500-foot radius of the property, the Council Office and the Los Angeles Police Department's corresponding division. The applicant shall also submit a summary and any supporting documentation of how compliance with each condition of this grant has been attained. Upon this review, the Zoning Administrator may modify, add or delete conditions, and reserves the right to conduct this public hearing for nuisance abatement/revocation purposes.

24. No coin-operated electronic, video or mechanical games, or pool or billiard tables shall be maintained upon the premises at any time.

25. There shall be no exterior advertising for alcoholic beverages of any kind or type, including advertising directed to the exterior from within, promoting or indicating the availability of alcoholic beverages for sale.

26. The conditions of this grant, a police permit, a copy of a business license and an Alcoholic Beverage Control License shall be retained on the premises at all times and be immediately made available upon request of any Los Angeles Police Officer, Department of Alcoholic Beverage Control Investigator, or other responsible agencies.

27. Signs shall be prominently posted in English, and the prominent language of the facility's clientele, if different, stating that the California State Law prohibits sale of alcoholic beverages to persons who are under 21 years of age. "No Loitering or Public Drinking" signs shall be posted in and outside of the facility in the same language(s).

28. The applicant shall comply with 6404.5(b) of the Labor Code, which prohibits smoking within any place of employment. The applicant shall not possess ashtrays or other receptacles used for the purpose of collecting ash or cigarettes/cigar butts within the interior of the subject establishment.

Hi Dan,

Sorry I missed you at the meeting you held on our street. Very crazy right now, but I understand the other neighbors had it covered.

I wanted to get back to you regarding the permit parking for our street. We are starting to become a magnet for homeless people to park the cars they live in on.

we have been trying to get permit parking on this street for 20 years. We are the only street in the entire area that doesn't have it. Because of that, we have workers at the businesses at the plaza parking here. Students from the music school parking here. Also the prostitutes working here.

Please tell us what we can do to close the loophole that has prevented us from having the same parking as everyone else.

Thanks again,

Paul

Mitch,
Since you've taken a special interest in making sure that members of the trans community don't experience any discrimination in the workplace....is it possible for LAPD to stop ignoring the transgender prostitutes in our neighborhood? It seems like the manwhores get a special pass. Cops drive by and don't do anything, even when they're right next to an elementary school for goodness sake.
Thanks!

Hi Dan: We went to the location. We have a homeless person living inside the vehicle. We had him start it and move it. But he will not leave the area of the location. LAPD will have to look into getting him to relocate.

Hi Dan,

TAB unit went to Carlos between Gower and Bronson and warned the homeless individuals for their tents. As for the Ford Explorer situation on 1400 El Centro. The person drove away wher officers arrived at the location. The DMV is current on the vehicle. This will require further follow up investigation.

hi,

my name is sun yu, i live at 5332 monroe st 90038.

just a few months ago, the 5300 block of la cresta ct (one tiny block away) became a preferential parking district with no parking between 2-6 am, district 557.

we have the same problems- prostitution, loitering, homeless, drugs etc as does la cresta ct. and it has pushed the problem to our street plus made parking even worse than before. unlike la cresta ct, monroe st has very few off street parking available and the majority of us street park.

i have spoken with many of the residents of monroe st and we would like be included in the district 557 preferential parking boundaries.

i called the ladot parking permit hotline and was referred to la dept of transportation of parking 213 473-8260- which does not connect to anyone and has no way to leave a message.

i understand signatures will need to be collected- owners or tenants?

thank you and look forward to working with you soon!

Hi Sun,

So sorry for my delay in response. We are working with LAPD on expanding the boundaries of Overnight Parking District (OPD) 557. Once OPD 557 is expanded with LAPD support, residents on the blocks must circulate petitions (provided by the Department of Transportation).

Please provide your phone number and I will call you this week to discuss in further detail.

LAPD, RAP, City Attorney, and LAHSA friends:

Removing the constituent from the thread, so this is now City family-only. In recent days, I've been getting several calls and emails regarding the situation at and around Hollywood Recreation Center, and I've driven the location several times myself. We hear basically daily from neighbors that the situation around the Rec Center has gotten noticeably worse in terms of suspected criminal activity emanating from the encampments (particularly related to narcotics).

I am asking you all for the following:

LAPD - Hollywood: Daily 6:00 AM enforcement of the tents (I often see at least a dozen or more up during the day)

LAPD - OWB/HOPE: Please consider this the top current location in Hollywood Division, from CD13's perspective. We need as much outreach and, if necessary, enforcement as possible.

LAHSA: Don, as we spoke about yesterday, please have your HOPE and Outreach Teams make this as high a priority as possible, and please coordinate with LGBT Center and E6 teams on outreach.

City Attorney: Steve, are you able to work with LAPD on legal remedies where applicable?

RAP: Yamil, please continue to be in touch with me regarding what you are seeing and the feedback you are getting. I often hear from the residential neighbors but I would appreciate hearing from you as well.

Thanks, everyone.

Best,

Hi Anthony,

I am un-CCing some of the other folks on this thread, and including personnel from **LAPD** (Captain Cory Palka, Captain Jonathan Pinto, Sgt. Adrian Maxwell, Sgt. Darrell Davis, Officer Cesar Corona, and Acting Senior Lead Officer Jesse Rubalcava), the office of the **City Attorney** (Steve Houchin, our Hollywood neighborhood prosecutor), the **Department of Recreation and Parks** (Yamil Verde from Hollywood Recreation Center), and **LAHSA, the Los Angeles Homeless Services Authority** (Don Holt). I am also CCing my colleague here at Councilmember Mitch O'Farrell's office, our District Director Marisol Rodriguez.

I'm including everyone above to keep all the appropriate parties in the loop regarding your photos and documented concerns.

As I believe we have discussed in the past, there are a number of legal and logistical challenges that dictate the actions that the City can and cannot take at this location. That being said, we certainly understand and share many of the concerns that you and other neighbors have raised. For my part, I will be calling you **today, Tuesday December 12th, at 4:30 PM** at the number you provided. This way, we can discuss these issues in greater detail. If that time doesn't work for you, please let me know, and/or feel free to give me a call back at your convenience. My cell is (213) 254-7214.

We are here to assist in any way we can.

Thanks,

Hi Everyone and happy monday.
Thank you for your concerned response to my emails last week about the encampment of crack heads and drug addicts that piss and shit on the street in front of a park where children play.
I would like some response on how you plan to handle this?
The answer that nothing can be done is not acceptable.
I own the property at 1149 Cole. I lived there from 2007-2012. Raised my daughter there for 5 years played in the Hollywood community park.
How as the city allowed this to happen?
These are not out of work actors or editor down on there luck waiting to find the next gig. These are career drug dealer pimps and low lives. They harass the good tax paying citizens. I've seen them run prostitution rings out of there tents.

Is that what the ACLU and homeless advocate support? Prostitution & drug usage?

How do we clean this up?

Please advise what steppes are being taken to handle this.

Internal to LAPD / CD13 -

Commander Chow, thank you for responding to Mary's email earlier today. I am CCing others from your outstanding Hollywood team as well. Councilmember O'Farrell had the opportunity yesterday to thank some members of the Hollywood Division team in person, and he meant it, as do I. We are grateful to you for everything you do for us and the neighborhood.

I wanted to send this follow-up email because I have received a few calls and emails in the last few days specifically regarding the return of what appears to be a drug-related element to El Centro/De Longpre. This is after a period last month where things had really gotten a lot better. Certainly we do not want to take lightly the issue of drug sales or use on the street.

Please let me know if you're able to target additional resources to this location to address the narcotics issue.

Thanks so much,

ring consisting of younger, more aggressive individuals which means more dangerous. These individuals have nothing to lose which puts our community at even more risk of violence.

Our community which consists of mostly the elderly, families with children... bottom line... human beings have become numb. Their energy is low and have become prisoners of their own homes because they're too scared to step out. You can see it in their faces and in their body language. A very sad sight to see.

Meetings seem to fall flat. The street sweeps are good but only provide a very temporary fix. We need for the police to start cracking down on the illegal activity. It's not about homeless people camping up anymore. These individuals are openly selling, using & prostituting themselves. All illegal acts and yet they do so confidently and comfortably.

Please confirm the chain of command within our district and police department, so, that we can take it up to the next level.

Thank you.

I absolutely love my neighborhood, my neighbors, and the amazing diversity here. After almost 8 years here, I am moving to a new neighborhood not too far away. I'll definitely miss a lot here, but I won't miss things like:

- prostitution

- public drugs use

- watching out for used needles and condoms when walking my dogs

- Officers from the local police station who do nothing and have recommended moving if I don't like it here

- The gay and lesbian youth center operators turning a blind eye to problems stemming from their clients, which is completely...Read more

Seems Like there's this sergeancy of Brazen Homeless youth and some older that are wondering around the De Longpre Park neighborhood looking for Crimes of Opportunity!

As it would be, at 10:30 am this morning, there were two 20 Something year old's in my Driveway FUCKING! Literally !!!! I Could not believe this ! Never in the 15 years has this happened, especially since De Longpre Ave.is a cut through Street for traffic during the morning and afternoon hours.

The Male had a Cap on, a tattoo on his face, low baggy Shorts. The girl had Brown Shoulder length hair also in shorts and a nap sack.

At first Amanda thought she was dedicating, to then realize she was sitting on top of this guy. The Stood up as she startled them, and he said "Sorry, My Bad", then they scurried out of the driveway walking sideways by my car that was parked there! I still can't believe this. If this happens again, I can't promise what will happen to the trespassers.

At the Time, I was in my back office and my New Neighbor Amanda who lives next door to the west of me and is remodeling, came over to drop something off and called me as she discovered them!

SHOCKING, BALLSY, etc,, to say the least! It was near to 11:00 AM WTF!!

OK Gang, we have some things to tackle EVERYONE, keep an alert out. I know there is a coupe that I noticed on Leland Way last night as I drove down the street around 10:30 pm, the man and woman seemed close to 40, also with backpacks, fully clothed in pants and long sleeve shirts, etc. I text Paul and Judith, and you guys thought they were the couple that were camping out on Leland, on the North side of the street. They looked like they were scouting out a crime

Paul/Cory, What do you suggest we as residents do aside from the obvious, and is there a way to get some Officers to circle around and drive throughs?, Also, Why when we are so close to the Wilcox Station are they this Brazen? Do you think its because they expect you guys aren't thinking anyone would do this so close to the Police Station , so they get ballsy?

Thoughts everyone?

Why are those kids camping on the end of Leland Way?! I saw them standing outside their tent the other day around 5:00 pm and cops on horses just rode past them like it was no problem for them to be there.

Not sure why those trot by 's occur, but I do know that no tents are allowed in permit parking residential neighborhoods.

I also know we need more man power , this cory is apparently underfunded, well that said let's hope some of the new proposition tax funds, (well over a Billion), are smartly allocated.

I genuinely do not know what to do about the tent, it's been up for four days now, no one from Sound Factory cares, and there are no other properties directly affected. Perhaps the tenants in the apartments that use the west entrance but as they are building there currently there is no agitation to have them move on. I called the non emergency number but they clearly have more pressing issues.

I hate to say it but it's time the Church moved or halted their food program, perhaps they could move their charitable efforts to established shelters. The 7-11 is also a huge blight. Perhaps we can lobby the owners to actively search out development opportunities, I have no idea why they aren't...the people that hang out there have pretty much made it a no go area.

Post office wall is tagged again.

Also, I meant to send this last week but was processing and waiting for a description, but a good friend was brutally beaten on the corner of Sunset and Highland last week at 8.30am, Hispanic male late 20's with pastel or light colored hoodie on. Literally walked up to her said nothing and beat her unconscious, her injuries were appalling, broken bones and facial surgery required.

Police told her this was the 5th attack of this nature. Officer Jordan if you have a better description of this attacker please inform us.

I think based on the endless issues going on right now that we need to be overly diligent, Officer Jordan if there is any other advice you can give us or help us set up neighborhood watch or leads on installing camera's or other community actions that you know make a difference please let us know.

My understanding is that violent crime in LA has increased for the 4th year in a row.

We are a very active group of residents but we do need direction on the best way to support the local police, and in return we need more support with the vagrancy issue.

There are BSL lights on the south side but I think we may be able to add some utils to the poles on the north side. For context, see the message we received, below.

Please investigate and let me know what you think. Thank you!

Councilmember Mitch O'Farrell James please reach out to Dan Halden my Hollywood Field Deputy. He might have some suggestions/ideas for improving safety in the area.daniel.halden@lacity.org.

I made a comment on Mitch O'Farrell page about a problem area in Hollywood. It is Yucca between Cherokee and Whitley. The modern building there has raised planters separated by open spa constantly used by drugies to shoot up. Needles are often found there. These spaces are often filled with old furniture, and homeless sleep there leaving food to rot and attract mice and roaches seems to get overlooked by sanitation pickups. Old furniture stays on the streets for months.

I live on Franklin and walk my dogs often in the area.

Many years ago when that building was built on Yucca the owners spearheaded the removal of drug dealers and prostitutes from the fabled Yucca corridor. But the planters they put up and the c the same crowd and they don't seem to be concerned.

I appreciate any effort in cleaning up the neighborhood.

Councilmember Mitch O'Farrell James please reach out to Dan Halden my Hollywood Field Deputy. He might have some suggestions/ideas for improving safety in the area.daniel.halde

I made a comment on Mitch O'Farrell page about a problem area in Hollywood. It is Yucca between Cherokee and Whitley. The modern building there has raised planters separated by ope
constantly used by drugies to shoot up. Needles are often found there. These spaces are often filled with old furniture, and homeless sleep there leaving food to rot and attract mice and ro
get overlooked by sanitation pickups. Old furniture stays on the streets for months.

I live on Franklin and walk my dogs often in the area.

Many years ago when that building was built on Yucca the owners spearheaded the removal of drug dealers and prostitutes from the fabled Yucca corridor. But the planters they put up and
same crowd and they don't seem to be concerned.

I appreciate any effort in cleaning up the neighborhood.

Thank you

Fwd: Lexington & Vine mess

Hi Dan

I am forwarding you a long running trail regarding the dire situation on the corner of Lexington & Vine, which has now deteriorated to the worst we've ever seen it in four years living here.

I tried to get Mitch's attention to this matter directly via twitter, but that has gone unnoticed. Does he only use that platform for positive PR promotion?

I will try to reach you by phone on Monday to learn what attention CD13 can provide to this matter, and what solutions can be implemented.

I can assure you that my family and I will be persistent in voicing our displeasure at the deterioration of this corner, and the overall tacit response from all that could have a hand in addressing the problem.

If in fact measures are in place that I am unaware of, I look forward to learning about them.

Regards
Rohan

- transgender prostitution solicitation in broad daylight at 5pm;

- homeless community taking shelter in parking structure of residential buildings where young children often play on the weekends;

- countless instances of public drug use

- trash everywhere

- junk everywhere

- more and more tents

My daughter goes to school at Stratford (Lexington & Cahuenga) and my wife works at WeWork on Vine. Given the dire nature of their commute, neither of them can enjoy the benefit of being able to walk to either location.

We would greatly appreciate an update at some point next week about what further action the Police / BID / security services plan to undertake to address this unsafe condition.

Multiple attempts to reach the local District Councilmember's office have been made also to get their attention; as yet no response has been received.

Sincerely

Rohan

Medhi Bolour, property owner/Denley Investments, contacted our office (and yours, too, I believe) complaining about approximately $26,000 in fines he is being charged by "The City."

Can you please advise what the fines are for, and what his options are at this point? We'd like to be informed if/when he follows up with our office.

Good Morning, Daniel!

Mr. Bolour is the owner of a property that has been deemed as a nuisance by the neighborhood and the subject of numerous complaints, such as loitering, staying open after hours, and allowing minors in to the club (under 21).
In addition, there have been calls associated with assault with a deadly weapon, prostitution, theft, and owner in non-possession of worker's comp insurance. These offenses have been noted and Mr. Bolour has been fined accordingly by the City of Los Angeles.

He is more than welcome to contact myself and/or Mr. mark Vargas to arrange a monthly Installment Plan (up to 18 months). We are very accommodating and will diligently work with Mr. Bolour to that end.

If there are any questions, please feel free to contact me directly at 213-978-1834.

Greetings,

Is anyone aware of the conditions on Lyman Place and Rodney Dr.? These homeless encampments are filthy and are now causing our apartments to be infested with rodents, this is besides the needles found in our yards front and back, along with human waste. We continually call 911, 311 the counsel person Ryu's office to no avail.

The Goodwill is filthy and a fire hazard, and should be held accountable to their participation in the decline of our neighborhood.

Yesterday we had to witness a topless woman tied to a tree crawling around. Kaiser Permanente does not want to do anything for fear of looking bad on how they treat the homeless.

These are drug dealers running prostitution out of this tent. Just wondering if your waiting for the neighborhood directly affected by this to be harmed before this is taken serious?

Melrose Corridor Street Signs

Good Afternoon Sir,

I work at LAPD Operations-West Bureau for Deputy Chief Dennis Kato. The Deputy Chief recently attended a Community Meeting where the "No Left Turn" signs on the Melrose Corridor were brought to his attention. A few business owners from the corridor asked him if the signs could be removed. Per the business owners the initial reason for the signs was to discourage prostitution activities.

The business owners stated that they were in agreement with the signs at the time of the problems but stated the problems have diminished and that they feel there is no further need for the signs.

Please let me know if there is anything I can do here at the bureau to get theses signs removed.

Good morning, Mr. Barnes,

Thank you for your email although I am sorry to hear of the issues you are experiencing on your street. I believe the building you are referring to is **6633 Yucca Street**, is that correct?

LINK to Google Street View is here.

I am CCing the Senior Lead Officer for your area, Officer Heather Seieroe with LAPD. Perhaps Officer Seieroe and I could arrange a time to meet you at on the block, and take a look at things that can be improved or ways we can work together? Please let me know what your schedule is like over the next couple of weeks.

Update re: Gershwin

3 messages

C DuHaime Londberg < Tue, Aug 7, 2018 at 12:40 PM
To: Dan Halden <daniel.halden@lacity.org>

last week, there was a major LAPD response team for an incident involving the Property Manager, and her private affairs ...shall I title is...Sex Lies and the City

A known rapper; Christopher Powe, was arrested for rape and assault w/Manager of Gershwin Apartments. This was discussed at length at our Tenants Union Meeting; with expressions of fear, disgust, disappointment of the examples of examples set by management to the tenants of Gershwin Apartments/Bungalows and the neighborhood.

With this incident, and a few other police calls via the Prop Mgt, I decided to do an intense search of all Air BnB listings (just this particular site) and I found TEN listings for short term rental. On sunday, I was in the lobby of Gershwin Apartments, and a customer requested her room via AirBnB; discussing access to room with the front desk/security guard.

This is wrong on so many levels, and we are looking for enforcement of this illegal activity. There are no permits for Gershwin to operate as a hotel under this perception of short term rental.

I want to pursue this being taken care of, and to generate pubic interest in this scenario. Our particular building/bungalows had all of our security removed from windows and doors. We have absolutely NO security; even the front gate doors have no locks on them, and we had a homeless man waving a power tool around the common areas. There is NO security. Sadly, this is more about how to make more money, than to be concerned about the safety and well being of the people that live in this great city.

I don't think I really need to write more, I'm sure you understand what I am talking about and hope that we can work on something to end this scenario of Illegal Short Term Rentals in a Rent Control Building.

We have all worked so hard to improve the quality of life in this area of Hollywood and Western ....to have assaults, rapes, and prostitutes return is a deterioration of our moral compass and quality of life that we treasure.

Sincerely,
Cindy DuHaime/Londberg

Good Morning Sir,
I work at LAPD Operations-West Bureau and I was given your contact information as a contact for Councilman O'Farrell's office. LAPD West Bureau operations is planning to host a meeting in October to address the Western Corridor. The boundaries are Western from Sunset to the 10 freeway. We will be inviting a representative from District 4, District 10, District 13 and the City Attorney's office.. Can you give me the information for someone in your District which can attend this meeting?

The purpose of the meeting is to discuss issues each District has had with the Western corridor. We can discuss citizen complaints about prostitution activity due to poor lighting, etc.

Thank you in advance for your assistance,

Dear Friends:

Our next Quarterly West/Metro Field Offices meeting is upon us!! On July 18, 2018 we will meet at La Piazza @ The Grove for a great presentation on homelessness from the LA County Homeless Initiative and the LA City Initiative. There will be plenty of time for questions and a fun tour and trolley ride to follow.

I have sent a calendar invite, so please accept or decline as soon as possible and don't forget to bring $10 cash or venmo Stephanie @Stephco49 for lunch. If you accept the calendar invitation, but do not give 24 hours' notice of cancellation- please still expect to pay!!

New Offices: if you have staff attending that did not get an invitation, please send us the RSVP name and email so that we can add to the list.

Agenda and map of the grove with an arrow to La Piazza attached. Huge thanks to Caruso & Affiliates for assisting with lunch and space at the Grove. Hope to see you all July 18!!

Best,

Good morning all,

Please remember to stay in contact with Councilman Mitch O'Farrell's Office about the parking restrictions and funding for a beautification project. In the meantime, we will continue to advise and enforce where we can.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

> Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

This isn't something I should have to deal with!

Also, any word on making this a permit parking only street? I saw three people in a row the other night asleep in their car after I'd spent around an hour looking for a spot of my own.

Good morning,

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/
and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Yes, they're back (in numbers) and got even more boisterous! Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

what I see by the homeless in the middle tents?
MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,
What can you do about our safety???

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and dem and attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I writ e this, but this is everyday normal... I can hardly work anymore because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happ

ening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the enca mpment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On

top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Dan, as a follow-up to the below, please know the Trust wants to cooperate of course, but I do have serious liability issues re use of the autoCAD files, so I want to be sure both the City and the Trust are protected.

Obviously, the Trust would like to be very much in the loop on the plans, and as noted before, Linda's service (she holds the autoCAD files) will be very valuable to the Trust and the City alike as things move forward. As with the new Hollywood Blvd light installation you got done (bravo), we have a lot of good experience in working on the Boulevard and the Walk of Fame, don't want the City folks to lose out on that knowledge and experience.

As always, thanks for all you do!! My best to Mitch.

Subject: RE: Hollywood Walk of Fame - Autocad Files

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave. Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Hi All,

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on

this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Good morning all,

Please remember to stay in contact with Councilman Mitch O'Farrell's Office about the parking restrictions and funding for a beautification project. In the meantime, we will continue to advise and enforce where we can.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious.

The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all,
they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city*. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had

seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Hi Dan,

Quick update.

Production is 99% sure they are going to cancel this Hollywood location.

They are trying to move forward with those Arts district locations.

I should know a final answer soon.

Thanks for your all patience on this one.

Thanks. What will their requests be? We are not going to support the closure of Whitley next week, particularly if we are not even speaking until Monday morning. That is not nearly enough time to do enough outreach and planning for an area that has had far more than its fair share lately of filming.

I will be happy to talk to them but they need to know our expectations and what the neighborhood has been experiencing. If filming in this neighborhood is so critical, they need to A) wait until things settle down, as I've directed, and B) be proactive and robust with their outreach.

Lots of other productions seem to understand the sensitivity involved in Hollywood with street closures. The Rookie has filmed here before and went through the process. Tarantino worked for months on their project. We expect similar sensitivity from these folks particularly given their shifting requests and previous experience in Hollywood.

Hi Dan,

We can talk Monday morning.

Production is moving forward with Hollywood locations.

They will do whatever it takes to scale back and lessen the impact and will pursue getting a private lot for displaced residential parking.

I have also communicated the closure concerns and hopefully Monday morning we can hash those out.

Are you free for a conference call with production anytime soon?

It looks like they want to move forward with the Hollywood locations and try to scale their foot print down as much as possible. They are also really pushing for the full closure of Whitley. Production can get a parking lot in place for displaced residents asap.

Let me know.

Hi Adrian,

Yes, I'll be available later today, just let me know a ballpark time; however, per my previous correspondence, depending on what they're asking for it's going to have to be after the work on Selma finishes (August 14th). Our office is not going to support any more posting for filming in this immediate neighborhood at least until the Selma construction project finishes.

Good morning Dan,

Just wanted to check in regarding the rookie's request for closures in Hollywood next week.

We told production that a full closure of Hollywood Blvd next week was out of the question and that if they plan on pursing a closure of that size in the future, that it would take 7-9 weeks.

Production is still hoping to get some closures for their filming activity and have proposed the following closures.

- B/S CURB LANE CLOSURE HOLLYWOOD BLVD, CHEROKEE AVE - SCHRADER BLVD

B/S CURB LANE CLOSURE WHITLEY AVE, HOLLYWOOD BLVD - YUCCA ST

Furthermore,

Nothing has been done since yesterday. However, around 9am I saw a police presence and garbage trucks on Gower under the 101. Yet bulk items on sidewalks & trash in the streets remain literally just around the corner (and authorities most likely should have been aware, given the legend of this area, if not my emails?)

SHANNON—

- With all due respect, it rains very infrequently. On this occasion, only one day. This week: 2 so far. Not at all in between

- I know you said you're not responsible for anyone else's team or squad or patrol, but truthfully encampments are regulated more frequently on Gower under the 101 and other high visibility places in the community than they are here. But by whose authority? Who says the same laws don't apply here?

Very, very respectfully,

No offensive was intended by looping in the other residents to my previous response. I just have a lot of obligations and, tho I do hope to inspire fellow residents to communicate their concerns, I only have time to send one email about one thing ... and also accept I can be verbose. Ultimately I thought it was important for my neighbors to have record of LAPD they can contact if 911 and non-emergency falls short, since emails eventually bounce back in time

Please do what you can as defined by the laws by which we are governed alike to combat the obvious violations in our tax paying family centric community

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

Respectfully,
Officer Michael Benavente

Subject: Re: Encampment @ Carlos & Bronson and Cul de sac at Tamarind

I wish I could have made time to reach out sooner (unfortunately mine is not a life of leisure,
but of course, whose is?). Regrettably I must convey the local encampment is getting out of control.
Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments]. Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

BMW Green 4dr
CA 6PWM915 Exp 12/2016
+
Mini-van (clustering this area)
+
White sports coupe

+
Ford F250 Super Duty pickup
Alabama 47PB442 Exp 3/2017
*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

People camping in their vehicles overnight (some of which I described previously) also remain despite the proximity to the children/school zone. The two vehicles I provided plate #s for previously have moved. I suppose to be effective I need to provide plate #s for ALL vehicles in violation? Although it seems irresponsible to ask this of residents, as the vehicle occupants may take issue with/retaliate against ppl recording their vehicle info, here's a hot tip: any vehicle with towels, blankets, sheets or tarps covering their windows or parts of their vehicles tend to have ppl sleeping/living inside. Otherwise, here's a current list of vehicles on Carlos Ave:

- Green Van (covered in garbage) Toyota Sienna
CA 4Hbc890 with motor scooter (covered w/ sheets)
*possible mental health issues
- White Toyota Corolla CA 8FCF545

- Lt blue or silver Toyota CA 7nby323
- RV covered in graphitti Ca 7ybc433

I understand one of those vehicles is home to a couple with a baby who have already been placed in housing but continue to return because they "miss their friends"

It's reassuring to hear you validate this encampment is "Hollywood's largest and most entrenched", but instead of finding a balance officials need to establish order and enforce the law. I am not sure why the YWCA or Bridge Home shelters would have anything to do with a consistent police presence at the Carlos encampment—None of the ppl living here for the past year would live I either of those places and I can't imagine the police are actively involved in the construction.

When we met earlier this year, you spoke of an anchor to every encampment as if you had cracked the code. But from my POV it looks as if the LAPD is the anchor that keeps this encampment in place. (And comfortable in the fact they can keep coming back time and time again after repeated efforts to place them because they don't want to follow anyone's rules)

Who should we call when the LAPD ignore us? Other than "being patient" please advise us residents how to best report the overlooked and persistent disregard for our community (2 years strong) before the rats give us all typhus.

Until next time (...I have to stay up late on a work night to draft ANOTHER email)...

There are still ppl living in vehicles (though some are different...do you need me to send you every plate #/vehicle description for every suspect? It becomes uncomfortable if you're caught) in the same locations on Carlos. There is still discarded bulk item furniture parts on our lawn and still a tent on our lawn <10' from the bldg. There are rules to what "campers" can and cannot do, correct? I know you have rules too... but there are rules that are enforceable if you choose to do so in this case, no?

What else can us residents do? Should we call non-emergency 877-ASK-LAPD? Should we report this to 311? What will yield results in which the law is regularly being enforced again?

Hello Greg,

My name is Officer Michael Benavente and I am the acting Senior Lead Officer of the area. I am currently on site with the H.O.P.E team cleaning up the area of Carlos and tamarind.

Sanitation is on site as well, removing the accumulated trash and bulky items. I hope this Clean Up will help alleviate some of the trash and tent placement issues.

Also, I have addressed the vehicles that are a concern. I have cited a few vehicles and marked others for tow.

The end goal is to ensure everyone is within their rights and respecting each others communities. I am not asking you to tolerate or ignore crime and violence but I am asking for patience as we work together to ensure the appropriate application of services.

If you have any questions please do not hesitate to email me directly.

Respectfully,
Officer Michael Benavente

Tents have sprung up along our sidewalks/recognized green/private spaces. There's a tent parked on grass <10' from my family's bed on Carlos. The tent also pokes into the street so no one wants to park next to it. [As is the case along this block. Even the homeless with vehicles avoid parking next to the pavement encampments].
Parking for tax paying residents is unmonitored, ignored, misappropriated, and suddenly at a premium.

Beside the squatter <10' outside our living space, theres a vehicle with at least one person sleeping inside for the last 2 weeks (who may or may not be arguing nightly with the person sleeping in the tent every/other night). BOTH <10' from residential living space (stone's throw from a grade school). THIS CANNOT BE LEGAL!?

Additionally, there are 4 vehicles in a row wherein ppl live out of there vehicles and on our otherwise residential/school-zone-protected streets:

*There must be records of this guy being here day and night, overnight for at least the past two years

When you met with us locals, you spoke of an anchor to every homeless encampment. I've seen the same ppl for +\- the last 2 years. Others I'd assume have been placed in housing.
So tell us, who is the anchor? Why is everyone else still here getting a pass from the law?
Why are taxpayers not protected from "campers" who get all access to watch us and get comfortable with us and learn our routine 24/7...? Squatters who comment on what we are wearing and what we are carrying home...?
It's insane to permit this so close to children and the elderly and concerned tax paying citizens

The police occasionally drive by with a siren in the Mornings.
Not lately so much.
Apparently the homeless shouldn't be permitted to keep their tents up all day and night? But that (among other tent-centric violations) are rarely enforced?

Which authorities should we contact that may yield better results for the residents, the families, the invested communities that do not leave piles of trash next to their "beds"?

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is

blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it. Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a

broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic*

proportions across the city. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Good morning,

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/
and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

Respectfully,
Sgt Geaney

Just witnessed several people on the corner screaming at each other (Sat 23rd approx 3:45pm) , threatening to "cut" each other and blocking the cul de sac. After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on

appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. It leaves the pedestrians no choice but run the risk of

being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Dear Mr Halden,

Happy Halloween!

Steven Carthy here, I'm a homeowner here on Taft Avenue and have been speaking with neighbors nearby about the issue on the corner. I know that Ricky Bouguille had been in touch with your office and you are aware of the situation. As of this afternoon much of the material that was removed this morning by the 311 request has been replaced by other stuff.

When discussing this matter with the management at the 7-11, Pier 1 and California Donuts it was suggested that the large construction site is a contributing factor. The Chaos inherent in a large scale project like that can increase the amount of people polluting the area nearby. 7-11 is currently doing a remodel so they have a dumpster and temporary storage container in the lot which does not help the situation.

I am writing to let you know that I have reached out to the office of Wood Partners who are in charge of the large construction site on our corner. https://www.woodpartners.com. I spoke with Beth Nooney at one of their east coast offices and she asked that I send her an e-mail with my info but have not heard back yet. Their web site also has a generic contact request form but I've not heard back from that either. Wood Partners' contact number is 713-496-3111. I am in hopes that they will engage the community and hopefully assist in some way, informational or otherwise.

I have some specific ideas on how to mitigate the problem but would need the support of the business owners and your office in order to move forward.

Thank you for taking the time to read this and please acknowledge receipt.

Sincerely,

Steven Carthy

Hi Team - See suggested revisions & comments below:

3. AUTHORIZE the BOE to initiate a Task Order Solicitation from its list of PreQualified OnCall Architectural and/or Landscape Architectural Consultants and select a design consultant (Consultant) to develop a strategic Master Plan to assess and implement Project in an amount not to exceed **$323,937 plus earned taxable interest or $500,000 ??**;

Since the below construction scope of work is listed in the BOC, therefore a minimum of one of each item needs to be constructed? May Smith please confirm. If so, do we want to list every item, locking us in to build minimum 1 of each? Team, please review list again.

1. Bump out improvements
2. Tree Wells
3. Signage
4. ADA ramps
5. Curb and gutter replacements
6. Street furniture
7. Bus shelters
8. Medians
9. Designated areas for tour buses
10. Drainage improvements
11. Terrazzo replacement demonstration

As mention in our meeting on 11/5/18, it is nearly impossible to meet the deadline of having a construction contract with a General Contractor in place and funds encumbered by 9/30/19, which is less than 10 months from now. We can have a Consultant on board by 9/30/19. 9/30/24 deadline for full expenditure should not be a problem.

The BOE will develop, in consultation with CD 13, contract(s) with the Consultant **and/or construction contractor ??** Funding for the contract(s) must be encumbered no later than September 30, 2019 with EBP appropriation fully expended no later than September 30, 2024.

1. Any documents showing any analysis regarding the physical accessibility[1] of the project for persons with mobility, hearing and/or vision disabilities.
2. Any blue prints or other documents that show all elements at or in the project that will be physically accessible for persons with mobility, hearing and/or vision disabilities.
3. Any documents that show the specifications for any accessible elements for persons with mobility, vision and/or hearing disabilities, including, but not limited to, accessible beds,

---

[1] "Accessible" or "accessibility" in this request refers to compliance with the applicable physical access standards for persons with mobility, hearing and/or vision disabilities, under the Americans with Disabilities Act (42 U.S.C. §12101, *et seq.*); Section 504 of the Rehabilitation Act (28 U.S.C. §794a, *et seq.*); and/or Fair Housing Act (42 U.S.C. 3601, *et seq.*). This includes, but is not necessarily limited to, the ADA Standards for Accessible Design, the Fair Housing Act Design Manual, Architectural Barriers Act Standards, and any other applicable physical access standards.

entrances, lockers, kitchens, bathrooms, shower facilities (including roll-in showers), and meeting spaces (including office spaces open to residents).

4. Any documents that show the number of accessible beds, lockers and bathrooms planned for the project.
5. Any documents that show any accessible paths of travel to and through the project.
6. Any documents that address any proposed or planned operating rules or procedures at the project.
7. Any documents that address any proposed or planned policies at the project for accommodations for persons with disabilities under the Americans with Disabilities Act (42 U.S.C. §12101, *et seq.*); Section 504 of the Rehabilitation Act (28 U.S.C. §794a, *et seq.*); and/or Fair Housing Act (42 U.S.C. 3601, *et seq.*).
8. Any documents that address any proposed or planned policies for residents' ability to keep or use medication at the project.
9. Any documents that address any proposed or planned policies for residents' ability to store personal possessions, including but not limited to any medical devices, at the project.
10. Any documents that address any proposed or planned policies for residents' ability to have a service and/or support animal accompany them at the project.
11. Any documents that address any proposed or planned emergency notification systems at the project, including any emergency systems designed to notify persons with hearing and/or vision impairments of an emergency.
12. Any proposed or planned emergency protocols for residents of the project.
13. Any documents regarding any analysis as to the number of persons with disabilities, including both physical and mental disabilities, who are likely to use the project.
14. Any documents regarding proposed eligibility criteria to be a resident at the project.

Please respond to this request within 10 days of your receipt of it. If I can provide any clarification that will help expedite your attention to my request, please feel free to contact me.

If possible, I would prefer to receive the documents in electronic format, e.g., a pdf via email, dropbox, or on CD. In the event the response is voluminous, I ask that you notify me of any duplication costs exceeding $300 before you duplicate the records so that I may decide which records I want copied.

Sincerely,

Shawna L. Parks

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Your city does not care about you, it's perfectly willing to feed you to the wolves. Sergeant made it perfectly clear but only pre-packaged felonies will really be enforced, anything else may get no response whatsoever.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

This isn't something I should have to deal with!

Also, any word on making this a permit parking only street? I saw three people in a row the other night asleep in their car after I'd spent around an hour looking for a spot of my own.

Good morning,

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/
and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

His threats continued, but when I came ten minutes later to let in a friend, he was gone. I am a bigger guy, and I can handle myself. There are a lot people who can't. It's not right that people who pay rent and taxes to the city have to feel so unsafe where they live. There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work anymore because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers.

The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT

DO WE DO? We need answers and action. Please.

Hello Everyone,
I live at 1762 N Tamarind. I saw the LAPD drive by this morning around 8:45am. There was already a group of four or five people sitting on the corner in the middle of the sidewalk and in the grass. I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/

We will continue to use the means that are lawfully available to us to address the problem.

By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and

fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had

many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap

Seriously.. WHAT DO WE DO? We need answers and action. Please.

If the city didn't want something bad to happen they would do something, like enforce the laws that are on the books rather than focusing on a couple that they cant enforce.
Your city does not care about you, it's perfectly willing to feed you to the wolves. Sergeant made it perfectly clear but only pre-packaged felonies will really be enforced, anything else may get no response whatsoever.

Just remember to vote out all incumbents.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

This isn't something I should have to deal with!

Also, any word on making this a permit parking only street? I saw three people in a row the other night asleep in their car after I'd spent around an hour looking for a spot of my own.

Good morning,

The encampment at Carlos and Tamarind is visited by Hollywood's CORE Unit at least twice EVERY working day. But as you all have been told, we offer resources, provide trash bags and arrange for them to be picked up, write citations and make arrests when possible.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/
and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly wor k anymore because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also rece

Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant feste ring garbage heap.

Hi Tony,
Please find the attached request. I submitted it to the city earlier this week and was told it would be more expedient to send to each councilmembers office directly. Let me know if you have any questions.

RE: Request for Public Records

To Whom It May Concern:

Under the California Public Records Act § 6250 et seq., I'm requesting the following:

> All emails and attachments within the mayor's office or each city councilmembers' office discussing "prostitution" "prostitute" "sex trafficking" or "sex worker" from October 1, 2016 to September 30, 2018.

If there are any fees for searching or copying these records, please inform me if the cost will exceed $10. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding. I am a representative of the news media and my request is related to news-gathering purposes. This information is not being sought for commercial purposes.

The California Public Records Act requires a response within ten business days. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies of the requested records. If the information can be released immediately, please do so.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Sincerely:

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.
Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Hi All,

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city*. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Just witnessed several people on the corner screaming at each other (Sat 23rd approx 3:45pm) , threatening to "cut" each other and blocking the cul de sac. After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Dear Sgt Geaney,

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. It leaves the pedestrians no choice but run the risk of being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Dear Sgt Geaney,
Thank you for your email and thank you once again for looking out for us and for the help you have extended to us. We know you have given our area your topmost priority. Recently there have been transients at Carlos and Bronson and at the Cul de sac on Tamarind and have put up a big tent right in front of our gate. In case you might have missed a direct email to you and Dan Halden earlier—from Gil Maclang— I'd like to forward it to you here.

Thank you.

Sincerely,
Cora Maclang

"Hi Dan/Sgt. Geaney,
I am reaching out to you to seek your assistance in removing the tent on the sidewalk at the cul-de-sac on Tamarind Avenue. This tent had been up 24/7 for the past 3 days. I attached a picture I took this morning showing one of the occupants using

the corner as toilet. This is unacceptable. For a very long time now, the short stretch of Tamarind Avenue from Carlos Avenue to the freeway had been the preferred section by residents doing their morning or evening walk and by dog owners walking their dog. All of that is gone. They now have to use the street because the tent is blocking the sidewalk. How can we allow that privilege for the use of the sidewalk taken away from residents and taken by transients violating city ordinance?

Last night, Tamarind Avenue from Carlos Avenue was closed to traffic due to police activity. Some of our building residents were prevented from getting to our building for about an hour. You can hear a helicopter hovering above and police with long firearms can be seen combing the area. We finally were able to get through to our building and along the way we saw a man in handcuffs being questioned by the police. Are the people in the tent at the cul-de-sac involved? We don't know. It is a puzzle to us. Within three days of this tent being there, it is a sad coincidence that this thing happened. A lot of us were inconvenienced, to say the least, and frightened by the presence of several police in our street. We strongly believe this should not have happened had there been no tents at the cul-de-sac. We are therefore begging for your help in removing the threat right in front of our gate.

Thank you."

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came

over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some

trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Good morning all,

Please remember to stay in contact with Councilman Mitch O'Farrell's Office about the parking restrictions and funding for a beautification project. In the meantime, we will continue to advise and enforce where we can.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going

to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen

significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District,

After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Bill, as attorney for the Hollywood Historic Trust, who owns the autoCAD files you reference, and after consulting with my client, please know that we are happy to make *PDFs* of the autoCAD files available to you solely for the purpose you describe below, but with several caveats required to protect the Trust and ultimately the City against unapproved reliance on any of these materials.

First, the Trust owns the copyright in these materials and will provide them to the City only for the one-time use you describe, absent further agreement for some subsequent use; any copies made for this one specific use must be accounted for until the City has completed this one use and has so advised the Trust.

Second, the materials will be provided solely to the City for the use you describe and otherwise must remain confidential; they may not be shared with any third parties without the permission of the Trust and without a similar agreement from such third party.

Third, please acknowledge your understanding that these materials have not been updated since 2012 and thus should not be relied upon until brought up to reflect current conditions, which update effort would require further permission from the Trust.

Fourth, we will need an indemnity agreement from the City in the event anyone at the City or any third party ever claims reliance on these materials (and the City will want the same thing from any third parties).

I hate to be a stickler on this, but the bottom line is that for liability reasons I am very concerned that these materials not be relied upon at this time by anyone for anything other than preliminary and very general planning, and we want to be sure that the Trust and the City are protected from potential liability for any reliance or other use of these materials without our advance knowledge and approval. Engineering materials such as these have a way of coming back to haunt, and that is what we have to protect against—again, for your and our sakes alike.

Let me know, and of course we do very much look forward to being of help in the planning process and otherwise, so please keep us informed as to your progress. We learned a lot from our prior repair projects on the Walk of Fame, and are eager to share our experience and expertise.

Best, and thank you for inquiring,

Jeff

Re: Request to Inspect and Copy Public Records

Dear Councilmember O'Farrell:

This letter constitutes a request to inspect and copy the public records identified below, pursuant to the California Public Records Act, Cal. Govt. Code §§ 6250 *et seq.* ("CPRA").

1. All communications[1] since January 1, 2016 with any outdoor media company (including, without limitation, Outfront Media Inc. ("Outfront"), Clear Channel Outdoor, Inc. ("Clear Channel") and Lamar Advertising Company ("Lamar"), and any and all representatives of Outfront, Clear Channel, Lamar, or any other outdoor media company, regarding current or proposed regulation of off-site digital signs in Los Angeles.

2. All communications since January 1, 2016 with any sign industry group (including, without limitation, The Advertising Council, Association of Independent Commercial Producers, Inc., and the Los Angeles Outdoor Advertising Coalition), and any and all

---

[1] For the purposes of these requests, the term "communications" includes, without limitation, letters, facsimiles, e-mails, text and similar electronic messages, hand-written and typed notes evidencing conversations, and all other media for the transmission of information.

> representatives of any sign industry group, regarding current or proposed regulation of off-site digital signs in Los Angeles.

This request reasonably describes identifiable records, and I am unaware of any express provisions of law exempting the requested records from disclosure. Article I, Section 3 of the California Constitution establishes that "the writings of public officials and agencies shall be open to public scrutiny." Accordingly, I request that you make the records "promptly available" for inspection and copying. Records should be made available in their original format, whether that be on paper or in electronic form. *See* Govt. Code § 6253(b).

Time is of the essence in this request, and I anticipate that your office will fully comply with its obligations under the CPRA. Please make the requested documents available for inspection as they are located. Further, if one or more categories (or portions of categories) of requested documents are located prior to the balance of the requested documents, please make those documents available for inspection without delay, and make the balance available for inspection on a rolling basis.

If a portion of the information I have requested is exempt from disclosure by express provisions of law, Government Code Section 6253(a) requires segregation and redaction, and for the release of the remainder of the information. If you determine that an express provision of law exempts from disclosure all or a portion of the material I have requested, Government Code Section 6253(c) requires that I be notified of the reasons for that determination no later than 10 days from your receipt of this request, absent certain "unusual circumstances" specified in the statute. Any withholding of documents or portions thereof should be identified with a detailed log that would permit court review.

Thank you for your timely attention to this request. Please feel free to contact me with any questions.

Very truly yours,

Anthony P. Alden

Good morning Mr Eastwood,

I understand your concern regarding the encampment at Cahuenga & Melrose. This location has been on our list of locations to conduct outreach and enforcement everyday that my Officers from the Hollywood CORE unit are working. They were just out there this morning on foot conducting enforcement. I've also notified the Unified Homeless Response Center, and they plan on sending someone out to the location to evaluate the biohazardous materials. Thank you for your patience and understanding.

Hi Dan,

This morning there is a bottle of what appears to be urine on the street at our entrance.

What should we do about that? Also empty bottles of liquor etc which I cleaned up.

Please get back to me immediately about the possibility of a clean up. We are currently keeping our parking gate closed to prevent them from dumping more, but this is extremely detrimental to our business operations.

Dear Friends:

Our next Quarterly West/Metro Field Offices meeting is upon us!! On July 18, 2018 we will meet at La Piazza @ The Grove for a great presentation on homelessness from the LA County Homeless Initiative and the LA City Initiative. There will be plenty of time for questions and a fun tour and trolley ride to follow.

I have sent a calendar invite, so please accept or decline as soon as possible and don't forget to bring $10 cash or venmo Stephanie @Stephco49 for lunch. If you accept the calendar invitation, but do not give 24 hours' notice of cancellation- please still expect to pay!!

New Offices: if you have staff attending that did not get an invitation, please send us the RSVP name and email so that we can add to the list.

Agenda and map of the grove with an arrow to La Piazza attached. Huge thanks to Caruso & Affiliates for assisting with lunch and space at the Grove. Hope to see you all July 18!!

Best,
Stephanie

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave. Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Hi All,

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very

near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.
Thank you.

THEN VOTE JOHN COX FOR GOVERNOR AND NOT GAVIN NEWSOM.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,

I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting,

> someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hi Jordan,

I agree. *And I've been doing it as much as I could.* It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been

happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos.

Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/ and ask him to address your issues.

We will continue to use the means that are lawfully available to us to address the problem.

As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Carlos and Tamarind remains one of our highest priority encampments and received the greatest quantity of services. A few of the campers have been enrolled in programs and are working their way through the process toward housing.

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner... And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

The CORE Unit assisted in moving one couple who was finally placed in permanent shelter into their apartment. Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

Please remember to contact your Council District, http://cd13.lacity.org/

We will continue to use the means that are lawfully available to us to address the problem.

After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

There is Security on that other lot, which belongs to Senior Citizen Building I believe. I think they are allowing them to stay there. Longer they are there, more comfortable they are.
Unfortunately, if they stopped that right from the beginning, we would not have any of these challenges.

The Church is giving out some food some days (which is a beautiful thing), but they are not allowing them to be anywhere on their property and that is creating all of this. They want to be close.
More and more are coming and there is not enough room on that wall on Carlos Ave., so they are trying whatever works...

I guess, only some serious tragedy can stop this...

I had to wait for 1/2 an hour to get home last night as well before they let me drive through Carlos street to get home. There was something happening with the one vehicle being parked on Tamarind Ave.

Then, I was awakened in the middle of the night with some screams, shouting, something that sounded like gunshots... I feel we live in some western movie or NCIS N.Y. or Chicago.

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our

hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

As for efforts to clean yourselves, it has a positive effect. The Church of Scientology has a clean-up effort once a month. Some of the homeless appreciate the social engagement and willingly participate. Please if you decide to undertake this...be extremely careful. There are needles and human waste that are very possibly infectious. The clean-up operations supervised by Bureau of Sanitation have safeguards in both training and supplies to address this hazard.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...

And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Dear Sergeant Shannon Geaney,
Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. It leaves the pedestrians no choice but run the risk of being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Thank you for your kind consideration.

Where have all the cops and law enforcement gone?

I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

this is bad. Yesterday I noticed my bike was stolen from the gated and closed parking garage at 1762 tamarind ave.

It is so frustrating that people are breaking into a private property and stealing and there nothing we can do. We are not safe.
So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents? MY STOLEN BICYCLE!!! Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday-Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....

please help us, What can you do about our safety???

Hi,
Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there with the garbage bags in them; so the feeling of being at home is there and approval.

We thank Sergeant Shannon Geaney for meeting up with us on Friday, the 20th.

But today, the 26th, we can’t believe the homelessness situation here at Carlos Tamarind has even gotten worse...just a week to the date of our meeting.

I quote a message from one of us here:

“Almost one week to the date of our LAPD meeting it appears as though their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building. Brian"

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Subject: Quarterly West/Metro LA Field Deputies Meeting

We are coming up on our next West/Metro Field Deputies meeting and we are so excited that NBC/Universal has agreed to host us. I know for some of you "Westsiders" this is a bit far, but we want to showcase ALL of the Third Supervisorial District and promise it will be a fun experience.

NBC/Universal has offered to cover the cost of lunch for all attendees, so you will be receiving a gift of $20 for your boxed lunch. If you do not want to receive this as a gift, please let me know so that we can make sure NBC/Universal marks that as such. Remember that anything over $50 in a calendar year from a single source must be reported per FPPC guidelines.

I will be sending parking information and an agenda the week before, but this meeting will focus on NBC/Universal, film tax credits, film industry in Los Angeles and a fun surprise!! Hope to see you there, more info to come!

HOLLYWOOD FIELD REPORT
JANUARY 4 – 8, 2016
FIELD DEPUTY DAN HALDEN

Field Trip w/ MOF & MSR

Monday, January 4th

We began the New Year by doing a drive-along to Hollywood w/ MOF. Here are some major issues, project ideas and requests from the trip:

- Argyle/Yucca median – potential beautification project
- Meeting w/ Kayvan re: Hollywood properties
- Santa Monica/Wilcox improvements
    - Streetscape "lite"
    - DH to arrange meeting w/ Caltrans
- Santa Monica/Cole vacant building – Call Brandon Mason
- Theatre Row Foundation
- Vine Street Elementary – RVs
- Buster Keaton Plaque at Romaine/Lillian Way
    - MOF OK to pay for relocation
- Project Angel Food – get estimate for removing 2 ficus trees; planting 4 new trees
    - Engage Outfront Media – billboard issue
- Grant Elementary
    - Educate parents on MYLA311 and bulky item pickup
- St. Andrews/Carlton Way
    - LADOT needs to re-stripe crosswalk
    - Palm fronds
- Gelson's proposed parking lot (Franklin/Canyon)
    - MOF concerned about potential noise next to residences
    - MOF: they need to mitigate noise issues w/ landscaping, etc.
- Get status update on incoming traffic signals
    - Selma/Gower
    - Hollywood/McCadden
    - Hollywood/Gramercy
    - Hollywood/St. Andrews

Meeting: 6200 Hollywood Boulevard

Tuesday, January 5th

I met with LADOT, BSS and representatives from Clarett West and the 6200 Hollywood Blvd construction team to discuss construction that has now commenced at this location (SE corner of Franklin and Argyle). The main topic was the sidewalk on Argyle, which has been closed and will remain closed for the bulk of construction. The team is going to re-open the sidewalk and provide a pedestrian walkway through March, when the tower crane is erected.

Event: Steve Carell Walk of Fame
Wednesday, January 6th
I staffed MOF at this event.

Meeting: Paramount Pictures Master Plan
Wednesday, January 6th
CR and I met with representatives from Paramount Pictures to discuss their master plan and other neighborhood issues, including parking. Paramount is in the process of responding to public comments made to their EIR. The focus of the comments vary in terms of support for the project, as well as specific topics, including construction, design, historic features and quality of life issues including parking.

Meeting: Street/Sidewalk Closure Committee
Thursday, January 7th
MSR and I convened the monthly meeting.

Event: "For the Love of Hollywood" Gala for Hollywood Central Park
Thursday, January 7th
I staffed MOF at this event.

Meeting: First Friday
Friday, January 8th
MSR and I met with the HPOA and Jackie Lawson for our monthly "check in" meeting regarding updates in Hollywood.

Meeting: Hollywood Forever Cemetery/Cinespia Season Recap
Friday, January 8th
MSR and I met with HFC, Cinespia and LAPD to discuss the 2015 Cinespia season and additional measures we are working to put in place for 2016. The season begins on May 14, 2016 and the goal will be to have the new temporary PPD in place by that time. The LADOT report has been completed and we are waiting for it to be agendized in T Committee; Angelo is going to keep us posted.

Ah, sorry! I was out of the office, then sick, and got so far behind in my emails so I missed it. I'm going to refer you to my colleagues Aram Taslagyan and Amy Ablakat and will have them get back to you ASAP.

Aram is the field deputy for East Hollywood, and Amy is the planning deputy for the area.

Sorry for the delay!

Hey Dan,

Nice running into you as well. Good to hear about what's happening for arts in Hollywood. Here's the background of the space I mentioned:

The address is 1101 N Virgil Avenue, right next to *The Virgil* bar. Right now the space is a blight, often full of trash, and serving no person. I'd love to reactivate it as a use for the community/13th District, as well as a space for my nonprofit arts company to perform/create at, having lived in East Hollywood for a little while now. So I reached out to Outfront Media (the owners of the property/billboard) and the 13th District, and was making some headway. Originally I was speaking with Gary Benjamin, who recently left, and then tried to follow up with Christine Peters. Several months of trying to follow up with her via phone/email haven't gotten much at this point; I think she has been extremely busy with other projects. I also spoke to Felicia Filer at the DCA, but she said they don't want to be involved until the property has been acquired. And even then, they said it may be that Recreation and Parks may be a better fit for the space. The gist of my conversation with Felicia was to talk with them further down the line.

The basic proposal is that the city buys the space from Outfront for $0, granting Outfront an easement to the continued use of the space for their billboard above it, and an easement to my arts company for access to the space during select times (to be determined) in exchange for us funding and refurbishing the space as a performance space and urban garden. The balance of the time would be available to the 13th district to do with what they'd want, at no cost. This is one option, and I'm open to other creative thoughts/solutions. Outfront is open to essentially giving the space away (as long as they have continued access to the sign and no blockage of visibility), as am I to contributing the necessary funds to refurbish the plot. The main thing we need from the 13th District is help with the permitting for an outdoor event space for this pilot program, as Outfront (in pursuit of trying to sell the use of the space at a profit to other private entities) has had trouble doing so on their own in the past.

You can see a rough 3D model of an idea of a refurbishment plan here and a street view of the plot is attached.

Tried to make that as brief/clear as possible. Thanks for following up with me on this. Any thoughts on viability of the project, best approach to it, etc., are appreciated.

Best,
Matt

Chris and Amy,

Please see below. Also CCing Aram as well.

I've worked with Matt Soson on theatre projects in the past; he has an interesting idea for a space in East Hollywood that apparently he was making some traction with but it sounds like Gary's departure from CD13 may have put a kink in things.

I gave Amy the basic details which are also described below. As you know, there have been some issues with Outfront recently but this would appear to be separately from all of that other than it's an Outfront billboard.

Hi Matt,

Dan forwarded your email to me so that I could look into this for you. Your idea is an interesting one and you are not the first person I have heard from about trying to find a way to clean up this space. I agree it is a major eyesore.

The property is zoned commercial so it sounds like what you want to do is probably allowed in the zone; however, one of the challenges that I see is parking the project. When you add a new building/floor area, you need to provide required parking either onsite or within 750 feet of the site with a covenant recorded on title. Otherwise, a variance is required and this can carry some legal risk along with it.

It sounds great that Outfront is willing to give the property away and we would love to see this area spruced up. Candidly, I do not see the City taking ownership of this parcel since a) we would take on all of the responsibility and risk and b) property management really isn't our fortee.

If you are interested in purchasing the site and would like to speak more about the entitlements and permitting process, I would be happy to meet with you. However, you would most likely need to go down that road as the property owner.

Let me know how you decide to proceed.

Hello Daniel,

I have been alerted that someone is going to put up a billboard a block away from my offices using the Regency Outdoor Ad company. This billboard is an anti-Scientology billboard and being put near our building, which also includes the Association for Better Living and Exchange (ABLE) building next to us. The billboard was initially being handled by Outfront Media, but when they learned it was hate propaganda, they dropped it, only to be picked up by Regency. It is scheduled to go up on March 18 and attempts to reach the Regency Outdoor president through our advertising company, US International Media have been made. But so far to no avail.

Just checking to see if there is any pressure that can be brought to bear on them to not put up the sign.

Someone from the Church contacted Leron at the Chamber and he was willing to call the billboard company until he learned it was Regency where he said they had a reputation and didn't even want to try.

So hopefully you have a more positive experience in dealing with such matters.

Best,

John

Hi John,

Thanks for your email. We've gotten a couple of other calls about this. I'm doing my due diligence to look into the matter but, generally speaking, the City does not have a role in regulating billboard content; it is a First Amendment right.

We have received a photo of the billboard and its content and are looking into it. But again, generally speaking billboard content is not an area in which we will be able to intervene, again due to the First Amendment protections.

We will keep you updated.

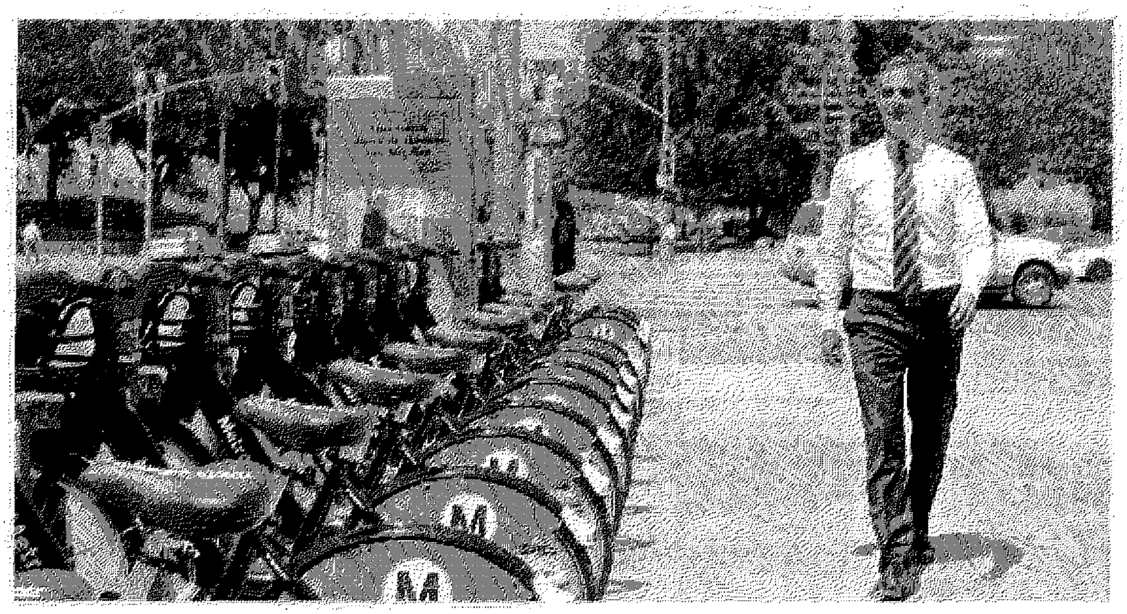
WEEKLY BRIEF LADOT



▲ Mayor Eric Garcetti invites you to explore bike sharing in Downtown L.A.

Metro Bike Share Program Begins

Join us tomorrow for Metro Bike Share's launch in Grand Park at 12:00 PM. Bicycles at 65 stations in Downtown Los Angeles will be available for check out to make trips close, easy, and convenient. Metro Bike Share is a natural extension of the Metro transit system.

Register to use this new transportation program here.

Streets Are For Everyone Safety Campaign Kicks Off

S.A.F.E., a Vision Zero Network partner, in conjunction with the Los Angeles Police Department, launched a public service campaign to raise awareness about 'hit and run' crimes in Southern California. Currently there are 200 bus stop billboard ads posted and an additional 100 donated by Outfront/JCDecaux Advertising that will go up this summer.

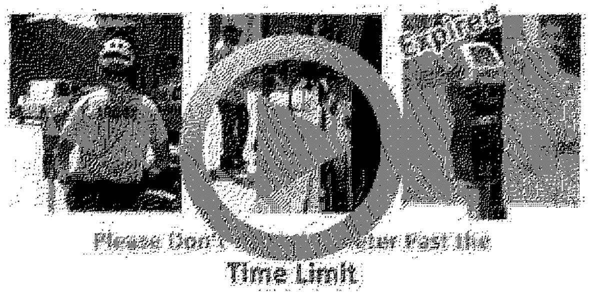
Vision Zero's web site can be viewed here.

Don't Feed the Meter



Expired
Please Don't
eter Past the
Time Limit

Parking meters and time limits are used to encourage turnover, allowing more people access to high-demand parking spaces. State and city parking laws protect public safety and promote parking turnover so that customers can access stores.

To learn how to avoid a citation for parking beyond the posted time limits, visit here.

Wifi on Selected Downtown DASH Buses

While all Commuter Express buses now have Wifi, LADOT recently launched a pilot program for Wifi on 20 Downtown Dash buses for all five routes served. The three to six month pilot easily identifies which DASH buses have the service with decals displayed and how to access cards posted inside the buses.

Bus Shelter Problems

1 message

Mary Rodriguez <mary.d.rodriguez@lacity.org> Wed, Nov 2, 2016 at 5:07 PM
To: c13-fieldstaff <c13-fieldstaff@lacity.org>

I received the following info and am sharing with you in case you have issues at city bus stops/transit shelters.

Hi Mary,

If you ever encounter situations like this at/near any ad-based transit furniture (transit shelters or bus benches) please feel free to give either myself or Sergio Samayoa [(213) 847-0872] a call and we'll get it taken care of right away. Such transit shelters and bus benches belong to the City (not Metro) so we're responsible for facilitating such requests. Alternatively, you may reach out to either/both of our transit furniture contractors directly for services requests 24/7 by calling their toll-free numbers listed below:
Martin Outdoor Media (ad-based bus benches) - *(855) 441-1300*
Outfront JC Decaux (ad-based transit shelters or kiosks) - *(866) 622-0068* (Automated Public Toilets (aka APTs)) - *(800) 276-0992*

All of those toll free numbers are displayed on the respective furniture elements as well, so folks can call our contractors directly from the bus stop if they have a cell phone handy. Our contractors will clean up the sidewalk areas within 5'-10' of our furniture and they're generally pretty good about picking things up beyond that if it's not too bad. They're under no obligation to clean up sidewalk areas beyond those limits so if things are really a mess, it falls upon the adjoining property owner to clean up the areas that are further away from our furniture.

Guillermo/Glenn,

Please see the attached photos and send your crews out to clean up the sidewalk areas around your respective furniture elements. The location is NB Glendale Blvd NS Silver Lake Blvd. Sounds like we may have a problem a homeless individual at this location so please ensure your respective crews monitor this location and address the littering problem as required. Also, please let us know if your maintenance crews encounter any homeless individuals encamped upon our furniture at this location so that we can address the problem through the Housing Authority and other City resources.

Thank you all for your assistance in addressing this concern.

Sincerely,
Lance Oishi, Contract Administrator

Hello Miss Rodriguez,

This call for graffiti at the northeast corner of Santa Monica Bl and Edgemont St was cancelled by LABT. I contacted Metro.net and they won't clean it up. Whose responsibility is this?

Richard.

Field Team -

We have some exciting news! Thanks to an old contact of Jeanne's, we have the possibility of getting new bus shelters in our district. I will be meeting with Outfront on Monday at 11AM. Please send me potential locations.

Mary - I know you'd like one at Sunset and SL Blvd.

Thanks,

Very well, thank you for asking Jeanne.

Hi Marisol:

yes we would love to discuss options with you. We can stop by your office next week to review potential sites together.

FYI: The existing bus shelter locations are plotted on this interactive map with a lot more bus stops without bus shelter.

How is

- Monday 11:00am or Noon
- Tuesday 4pm
- Wednesday anytime after noon

Hi Francois!

Long time no talk/see! So happy to hear from you. Hope you and your family have been well.

Yes, the Councilmember was extremely pleased with the shelter installation.

Copied to my response is Marisol Rodriguez, the Councilmember's District Director. She would be the best person

to connect with in our office on potential sites in CD13.

Thanks again for all your help. Hope to see you very soon!

Warmly,

Jeanne

Hello Jeanne :

It's been a long time, how are you ☺

I spoke with the Councilmember on Wednesday, he is very happy with the recent bus shelter installation along Eagle Rock. He asked me to follow up with your office and discuss how we can work together to identify bus shelter locations with transients currently taking over the location and work to ensure that service to transit riders is not disrupted.

Can you put me in touch with the right person in your office regarding this.

We are back on the Council agenda tomorrow, I might see you then.

Would be great to have bus shelters on both/either side of Hollywood Blvd between Bronson and Van Ness, as it passes over the freeway. It's a fairly long stretch directly in the sun.

Here is the feedback I received from the locations provided:

1. Sunset and SL - They will visit the site to asses the width of the sidewalk
2. Hollywood and Bronson - They will visit the site to asses the width of the sidewalk
3. Western and SM - State highway, street is very narrow
4. Riverside and Newell -They will visit the site to asses the width of the sidewalk
5. Riverside and Alessandro - They will visit the site to asses the width of the sidewalk

Field Deputies - Please send me additional potential sites for bus shelters, this is a rare opportunity that we need to take advantage of.

Hi Marisol,

Thank you for meeting with us on Monday to further discuss possible locations for additional bus shelters in Council District 13. As discussed, we will survey each of the sites mentioned and report back with our findings + ridership data for each site. In the meantime, if there are any additional sites that you think would be viable, feel free to send those to us.

PUBLIC RADIO LAUNCHES EXCLUSIVE NATIONWIDE 'PROGRESSIVE' TALK PROGRAMMING, REALITY CHECK LIVE, WITH CARY HARRISON

For Immediate Release: (Los Angeles, CA) April 9, 2018 – Award-winning and long-time veteran radio host and journalist, **Cary Harrison** (CBS, Clear Channel, Air America, SiriusXM, Public Radio), debuts his latest radio program, **Reality Check Live** (RCL) in partnership with Los Angeles, NY, and Southern California public and commercial radio stations. Broadcasting coast-to-coast from its headquarters inside **Hollywood's Sunset-Gower Studios**, Reality Check Live promises to "prevent truth decay" in an era of fake news and confusing spin, using roguish wit and clear facts.

Reality Check Live launches on Wednesday, April 18th, 7:30PM on **Pacifica Network's** 110,000-watt **KPFK 90.7 FM**), Mondays at 6pm on **KCAA 106.5 FM, 102.3 FM, 1050 AM** along with Public Radio **WBAI 99.5 FM – NYC** and other prime slots on independent, commercial and college stations. RCL promises to be the bastard stepchild of **NPR** and **Howard Stern**. What some are calling a **FCC** coup; others are declaring an unapologetic commentary on the state of the nation, politics, and culture. It is apropos that RCL broadcasts from the historic **Sunset Gower Studios** (formerly Columbia Pictures), as the headliners of the premiere broadcasts will be **Congresswoman Maxine Waters**, rabble-rouser **Roseanne Barr**, *Star Trek*'s **Nichelle Nicholas** (Lieutenant Uhura) and subject of the Streep/Hanks hit, The Post, renowned Watergate whistle-blower **Daniel Ellsberg** (The Pentagon Papers).

"Radio has sat silent for way too long, watching the nation teeter and fumble," says Harrison. "Before leaving office, former **President Obama** challenged me to find some counterprogramming to AM radio's Ku Kluxery, howls, and homophobic hootenannies. The Answer is twice-powerful FM radio stations along with fleets of trusted public radio broadcasters, TV, video, social media, and an impressive backbone of creative and passionate young people. We're also cutting through net neutrality issues since FM has no bandwidth restrictions and can whizz through car windshields during rush hour. We're featuring the best and brightest of high school and college students along with geeks, nerds, intellectuals, environmentalists, Comic-Conners, whistle-blowers, journalists, and real political heroes to buoy this new course."

Reality Check Live launches with the following partners:

KPFK (LA), WBAI (NYC), KCAA FM & AM (NBC), KUCR (University of CA, Riverside), UBN, Spotify, iHeart Radio, iTunes, Apple Podcasts, Google Play, Stitcher, Alexa, Tune-in, Pippa (RCL's partner Podcaster), and the *Reality Check Live (RCL)* iOS app.

MORE ABOUT CARY HARRISON

Reality Check Live is created and produced by **Cary Harrison** who was spawned from the Mayflower and Abe Lincoln on his mother's side and signers of the Declaration and Constitution on the other. As such, Cary strongly believes in democratizing radio and propelling a strong voice for multiculturalism, inclusion, and free-flowing, best-achievable accurate information.

Following his afternoon drive-time in New York City, **CBS** commentaries in Chicago ("Realty Checks"), and syndicated daily radio features, Cary originated America's first LGBTQ+ network morning show for **SiriusXM**. He then joined **Air America**, hosting a daily show in LA (Harrison on the Edge), which pioneered the "Parade for World Peace"; now worldwide under the auspices of the U.N. (initially led by Harrison and **Arun Gandhi** (**Mahatma Gandhi**'s surviving grandson), drawing 10,000 listeners to Hollywood). Later, **KPFK** public radio tapped him for afternoons, and **Reality Check Live** is now the entertaining love child of combined experiences.

AWARDS

Millions have enjoyed Harrison's free-range perspective, commentary and satire, earning him **Vanderbilt University**'s distinguished *Siegenthaler Award* for integrity, intelligence and courage in the field of journalism, the *Sigma Delta Chi Award*—the highest honor bestowed for public service by the **Society of Professional Journalists**, top honors—two years' running—from **American Women in Radio & Television** for exposé reporting and investigative journalism, and 1st place honors for "Best Commentary" from the **Associated Press**. Harrison has been honored by the **United Nations**, the Mayor and City Councils of **West Hollywood** and **Los Angeles** for his environmental and peace work, The **LA Press Club** for news coverage, and was recently nominated for an *Edward R. Murrow Award* in public radio.

FYI I called Tim Fox with Outfront media regarding this location. He informed me that he will have Outfront designate this billboard as a sensitive use location to prevent any further inappropriate advertising. I called Daphany back and let her know was Tim said.

FOR THIS WEEK!! Leg. Team/MSR/MDR: CPRA request (CD13.2016.06.23.b)

Hey guys! We need to spend **one cumulative hour of staff time this week** on this CPRA request:

- All records having to do with the **[Silver Lake/Outfront Media] tree trimming issue** and with **CF 16-0467-S4;** date range is **1/1/16 through 6/30/16**

As we've been doing, one staff member should begin searching for/preparing the records. Log how much time you've spent, then let the next person on the list know how much time is remaining this week.

I suggest that we proceed in this list for this request:

1. **David G.**
2. **Star**
3. **Angelo**
4. **Marisol**
5. **Mary**
6. **Dave C. - MOF's accounts**
7. **William - MOF's accounts**
8. **Tony**

We started this request last year, so there may be some documents already printed out.

Please keep me posted.

Thanks,

Dear Dan,

I'd like to look at all records having to do with the tree trimming issue and with CF 15-0467-S4, including but not limited to internal communications, notes of meetings, drafts, reports which don't appear in the official council file, constituent emails (either inclusive or exclusive of mine, whichever makes your search easier), and so on. For emails I'm not sure how best to craft the search, but it should at least include "tree trimming" and whatever other search terms you think would be effective. Probably from January 1, 2016 through June 30, 2016 is a sufficient date range.

Thanks, and I hope your time off is as you wish it to be,

Adrian

Thank you everyone for your help so far in completing this CPRA request. Per the usual, we need to spend **one cumulative hour of staff time this week** on this CPRA request:

- All records having to do with the **[Silver Lake/Outfront Media] tree trimming issue** and with **CF 16-0467-S4**; date range is **1/1/16 through 6/30/16**

The legislative and field teams have already completed their work for this. We now move to the following staff, in order:

1. **Dave C. - MOF's accounts + your own**
2. **William - MOF's accounts + your own**
3. **Tony**
4. **Christine** (adding you now, forgot to add you before)

Dave, please lead things off and keep track of your time. You then transfer the remaining balance of your time to William, and so on and so forth. Once we hit a cumulative hour, **we are finished for the week.** BUT, we need to make sure we use the whole hour.

Please keep me posted.

Thanks,

Hi All,

Maybe try calling 311 and reporting it. The license plate number is in the photos below (7YBB646). I've called, and they told me they've had other reports like mine. Maybe if the volume number for complaints like this go up, more action will be taken.

This automobile is breaking more than one traffic violation. The important one to report (in my opinion) is that it's obstructing the sidewalk and legally, there should always be enough space for a wheelchair to pass by.

I know people will see this and think that there's no point in reporting this to the city, but at least that's taking an extra step in trying to put more notice on it.

If you have a bike, note down the number belonging to it so that if it's stolen, police will be able to prove that they're stolen bikes.

If anyone has other ideas, they'd be great to include here. Thanks.

Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold

water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,
I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.
And it is correct; *the homeless situation is of epidemic proportions across the city*. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we

> attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

> Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

It is so frustrating that people are breaking into a private property and stealing and there nothing we can do. We are not safe.
So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents? MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,
What can you do about our safety???

Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there with the garbage bags in them; so the feeling of being at home is there and approval.

"Almost one week to the date of our LAPD meeting it appears as though
their regular patrols of the area have ended.
There are now 6 tents snaking up Tamarind Ave towards your building.

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were

harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of

the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Sylvan,

I see that you are still sending the daily worksite in an email. The purpose of the Google Document was for you and any other CD13 Staff to input worksites for the day, and our Crew Supervisors were to fill in, if and when the worksites were completed. It was also a way for you to see with a click of the button all request and their status.

I didn't want to create more work for my guys, they are telling me that they have to copy the worksites from your email onto the Google Document when you can just input them instead of sending an email. Please let me know if you prefer to continue to use your email for the requests and therefore we can abort the Google Document.

Thank You,

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to

everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner... And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

Two other younger inhabitants have been re-United with family out of the state and are no longer on Carlos. Yet, as we have seen their space has been backfilled by others experiencing homelessness.

As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the

corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it. Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions. Thank you.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I

would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city*. Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed.
Whether I had seen a weapon or any actual violence. By the time I went back out to the

corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

I have not personally seen it but it was in the late night news last night. The physical violence was caught on camera by Fox 11 News. Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—ye sterday on TV that you would be “coming for them”... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP —FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE “POOR” HOMELESS PEOPLE ALIKE).

To quote you, the Good Honorable Mr. Mayor: "...confront the greatest moral and humanitarian crisis of our time." (HOMELESSNESS)...IT’S ABOUT TIME...

Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Go ahead and compare for yourself. Educate yourself. Take a stance. Don't let your mind be corrupted by the media! Decide for yourself!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt.
Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email

chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner... And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether

spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Dear Sgt Geaney,

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

Dear Sergeant Shannon Geaney,
Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. It leaves the pedestrians no choice but run the risk of being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Thank you for your kind consideration.

I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...).

What's the ETA on the CD 13 Clean Team's arrival at Lexington and Vine.
Tents, bulky items, trash, bodies, drug paraphernalia, illegal sidewalk vending, harassment and impediment of pedestrians. How does this comport with the pedestrian friendly district we are aiming for?
Can Mitch and co take a quick break from resenting all the great things the President is doing- and perhaps do some good here?
Our district is precipitously biohazard-like under your auspices. Are you allergic to ethics?

Hi Dan,

I just want to let you know that our office has been in contact with Jocelyn. She spoke with Adrian Fayad from our office yesterday evening. She also spoke with Naomi who was on-call when she first reached out.

When Jocelyn called yesterday the receptionist had trouble getting any information from her as she was shouting and not letting her speak. Once our permit admin department was able to determine what it was in regard to and that she wanted to speak with a supervisor, the call was passed on to Adrian.

When Adrian tried to explain everything that was on the permit, Jocelyn would interrupt and not allow him to speak. The call ended with Jocelyn hanging up on Adrian.

We still reached out to production to make sure they sent someone out to clear any trash or remaining cones from Cherokee. Some of the cones that were left behind are actually from LADOT posted parking signs.

I do believe that our receptionist may have accidentally disconnected her while trying to transfer her during one of the calls. It was an honest mistake and not something done intentionally.

As far as Yucca goes, the street itself was not exactly closed. Traffic that was using Yucca to turn South onto Cherokee was detoured as Cherokee was closed south of Yucca. Yucca is not truly a through street at Cherokee either, due to the medians that block traffic from traveling East/West.

In addition to the community surveys done by production, our office notified a couple times as things changed.

As far as car towing is concerned, Rick can confirm, but 3-4 vehicles total were towed and production is negotiating with at least 1 of those residents to cover her costs. They have not heard from the rest.

I do believe that LADWP did ticket some vehicles on Las Palmas. I'm not sure if any were towed.

Thanks,

Subject: Response Needed -- Various Issues re: Once Upon A Time In Hollywood

Hi everyone,

I regret to share this kind of news but I need to relay an upsetting phone call I received a short while ago. Our office was contacted by Jocelyne Rohrback, who lives on the 1700 N block of Cherokee. She reported several complaints related to her experience with the *Once Upon A Time in Hollywood* shoot. I am listing them below.

I apologize for the mass email but I need to make sure that our office is responsive and gets clarity on her complaints. I have listed your names in **bold, below.** Please respond where applicable.

Here are the issues she reported:

- Temporary "No Parking" signs were posted on Cherokee Ave, N of Hollywood Blvd, on 7/13, in conjunction with a permit that ran from 7/16-7/20. I have confirmed those details with LADOT. However, reportedly on Saturday 7/14 (before the permit went into effort) as many as 30-50 vehicles were towed. I'm curious and concerned to hear of this. **Rick, can you shed some light on this?**

- Jocelyne reports that she reached out to Film LA and LAPD multiple times but did not have pleasant experiences. I am not sure exactly who she spoke to, but she said that her conversation with Film LA resulted in someone hanging up on the phone on her, and apparently her conversation with LAPD resulted in the beginning of an Internal Affairs investigation. **Arturo and Capt. Palka, can you advise?**

- She maintains that the community was not informed of certain street closures, like Yucca Street, that that was never part of the outreach. **Rick and Arturo, can you advise if a close of Yucca Street was (or wasn't) on any of the outreach material (flyers, surveys, etc.)?**

- Reportedly, production left behind garbage, parking cones, and dumpster(s) at least on Cherokee. **Rick, can you advise?**

At minimum, since this stems ultimately from a filming issue, **Arturo,** can you please reach out to Jocelyne on behalf of Film LA. I would appreciate reinforcement of the fact that we all take community relations seriously.

Adrian and Yasmin,
I will be out of the office, but reachable, on Monday and Tuesday, so I will catch up on the Google doc asap when I get back to the office.

ADRIAN: Please see the info below from the Hollywood resident and work here on Tuesday.

Jonathan can do regular assignments on Tuesday.

It would be a really big help. Please get some before and after pics, too.

Call me or email me if you need anything.

Hi Sylvan

My name is Vladimir Reyes as I live at 1255 N. Gordon Street as I was given your name by Field Deputy Dan Halden to contact you in regards to neighborhood clean up requests. Here is a area that needs to be address asap as it is located at 1306 N Gordon Street as you can see from these pictures there is a missing water cover that one day may lead to a accident in the near future. You can also see that the Street has not been clean in front of this address very well by the City of Los Angeles. They need to sweep from the top of Sunset to Lexington Ave as this the left side of the street which is clean on Tuesday.

This is the right side which is clean on Monday on N. Gordon Street; Construction Company has already completed by these Street have not been clean for 7 weeks. They remind very dirty as the Street Sweeper needs to clean these Street more then once on Monday and Tuesday.

There is one last request and that is can this tree planted the City of Los Angeles year ago be trim down as the over growth is out of control which set in front of 1306 N. Gordon Street and 1249 N. Gordon Street.

Thank You

Vladimir Reyes

Dear Friends:

Our next Quarterly West/Metro Field Offices meeting is upon us!! On July 18, 2018 we will meet at La Piazza @ The Grove for a great presentation on homelessness from the LA County Homeless Initiative and the LA City Initiative. There will be plenty of time for questions and a fun tour and trolley ride to follow.

I have sent a calendar invite, so please accept or decline as soon as possible and don't forget to bring $10 cash or venmo Stephanie @Stephco49 for lunch. If you accept the calendar invitation, but do not give 24 hours' notice of cancellation- please still expect to pay!!

New Offices: if you have staff attending that did not get an invitation, please send us the RSVP name and email so that we can add to the list.

Agenda and map of the grove with an arrow to La Piazza attached. Huge thanks to Caruso & Affiliates for assisting with lunch and space at the Grove. Hope to see you all July 18!!

Best,
Stephanie

Re-sending without photos, size limit wouldn't send to lots of you!

Dear Friends:

Thank you so much for attending yesterday's meeting, what an incredible time! It is so great to get to see everyone periodically, but is super special when we all come together, thanks for always showing up. As promised, I have attached the documents from both the County and the City Homeless Initiatives for your review (I scanned them, so they aren't super pretty or anything).

I have also attached a copy of the contact list used for sending out the initial invite, which is updated prior to each event. Please let us know if we should add or remove someone from your office, or we will circle back in September to check-in for staffing changes. Save The Date (it should already be on your calendars, but I will be sending another) ***October 17, 2018 @ Universal Studios, 12pm SHARP.***

There were many inquiries about the Los Angeles Homeless Outreach Portal (LAHOP) that rolled out today, that web address is la-hop.org and you can submit outreach requests as they come in. Jen Kim, County Homeless Initiative also discussed the Housing Innovation Challenge, which can be accessed via this link- https://www.housinginnovationchallenge.com/.

Let me know if there are any questions, looking forward to seeing you all at the next meeting in October!! Shout out to Team Kuehl, Fernando, Shannon & Marley for making today (and every event) so possible- can't do it without them!!

A Bridge Home

Emergency Temporary Housing

Los Angeles is uniting to end the greatest moral and humanitarian crisis of our time: homelessness. Homelessness will not be solved overnight — but the City and County of L.A. are working more closely together than ever to bring unsheltered Angelenos back inside with homes, healing, and hope.

We have already come a long way. Since 2014, Los Angeles has connected 30,000 homeless Angelenos to housing. Four years ago, less than $20 million was included in the City budget for homelessness; today, the Mayor's budget includes $430 million to help end the crisis.

> *"A Bridge Home puts Angelenos on a path out of homelessness and into supportive housing"*
>
> *- Mayor Eric Garcetti*

The voters of Los Angeles have radically reshaped our future — giving us a mandate to end street homelessness over the next decade — by voting for Measure H and Proposition HHH, which will deploy unprecedented resources towards outreach and support services to those in need, and build new affordable and supportive housing.

People sleeping on the streets tonight can't wait for new housing to come online, but existing shelter beds in Los Angeles simply do not meet the growing need. More than 25,000 of our homeless neighbors — from the streets of Koreatown to the banks of the L.A. River — will not have access to a bed tonight.

That's why, this year, Mayor Garcetti launched his plan, A Bridge Home — to give homeless Angelenos a refuge in the community they already know and love, as quickly as possible, until they can be connected with a permanent home.

Homeless Ends One Interaction at a Time

In the months leading up to these new shelters opening, the County will direct unprecedented outreach, mental health, career, and addiction support services to encampments to help prepare homeless Angelenos to move indoors.

Keeping Our Neighborhoods Clean

Once Council Districts stand up their shelters and homeless Angelenos move into them, the City's Sanitation department will work to restore spaces that were previously encampment sites into safe, clean, public passageways.

On a Path to Permanent Home

These emergency shelters will remain standing for three years – enough time for the City to construct supportive housing for the Angelenos living in them. The supportive housing will be furnished with on-site security, mental health, employment, addiction, housing placement services, and wellness resources.

FAQs

Why was my community selected for a shelter?
Homelessness touches every part of Los Angeles. If we're going to end homelessness, we need to create solutions in every community – which is why the Mayor's budget funds shelters in all 15 Council Districts. These shelters are specifically designed to serve the homeless population that already lives in your community, and will help clean up encampments in your neighborhood. Every Council District that builds an emergency shelter will receive additional sanitation funds to restore spaces that were previously encampment sites into safe, clean, public passageways.

Will our neighborhood be less safe with this emergency shelter?
No. All of the shelters will be fully staffed with 24/7 on-site security, and the Mayor's Office will closely monitor each site to help ensure safety and cleanliness. Our County partners are ramping up the deployment of outreach workers and supportive services to local homeless residents, to help them transition into the emergency shelter, and later into a permanent home. With the city's additional funding for sanitation services, existing encampments will be converted into clean, safe public spaces for all residents to enjoy.

How else can I help my homeless neighbors?
No one can do everything to solve homelessness, but everyone can do something. The most important thing you can do is say "yes" to supportive housing and emergency shelter in your community, and help educate your neighbors about the critical importance of this work. From Homelessness to Housing

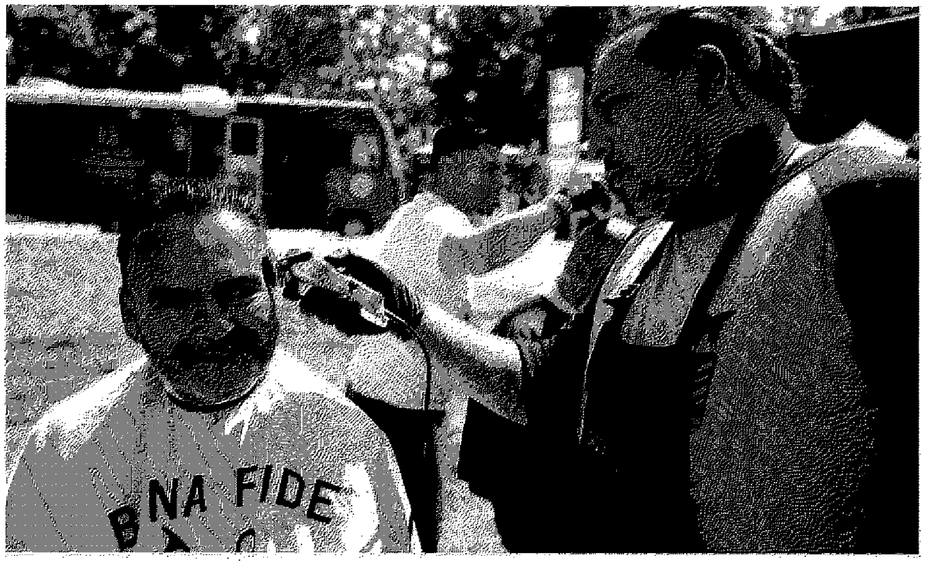
Volume 1 Issue 2

MEASURE H QUARTERLY UPDATE



SHOWER, SHAVE AND SELF-ESTEEM: Homeless resident receives services at Mobile Shower Pilot—*See page 2.*

A Message from the Homeless Initiative

Welcome to the Spring 2018 issue of *From Homelessness to Housing: Measure H Quarterly Update*.

We are in the midst of a critical movement to combat and prevent homelessness across Los Angeles County. Since the passage of Measure H just over a year ago, the County has accelerated its mission-critical work to address this most pressing humanitarian crisis. And thanks to heightened partnership and cooperation in the region, there is a palpable sense of hope and innovation fueling our efforts.

The Homeless Initiative's ninth quarterly report shows that Measure H-funded work is gaining traction across all dimensions of the County's fight against homelessness.

Thousands of families and individuals—including veterans and young people—have been directly helped with permanent housing placements, rental subsidies, benefits assistance, intensive case management and much more. At the same time, shelter beds have been increased and new outreach teams have hit the streets to connect our most vulnerable residents with a broadening array of services.

The 2018 Homeless Count results showed a decrease in the number of people experiencing homelessness in Los Angeles County—for the first time in four years—down three percent in the County. Veteran homelessness decreased by 18 percent and chronic homelessness decreased by 16 percent. At the same time, adult and youth housing placements increased greatly.

> **"We have a long road ahead as the economic and housing factors driving people into homelessness persist. But Los Angeles is investing, responding and working together and we are making a difference."**

These metrics indicate that funding from the County and the successful deployment of our interconnected strategies are beginning to have an impact and that our collective efforts are moving in the right direction. While the numbers are encouraging, a task of such complexity requires persistent focus and collaboration with the County's partners and stakeholders—and sustained resources.

To that end, last month the County Board of Supervisors made a $402 million investment in the fight against homelessness by approving the FY 2018-19 Measure H spending plan. Building on an array of successes, the budget targets a number of proven strategies in the County's comprehensive Homeless Action Plan and includes $120 million for shelter and interim housing, $73 million for rapid re-housing, $49 million for permanent supportive housing and $30 million for outreach.

We have a long road ahead as the economic and housing factors driving people into homelessness persist. But Los Angeles is investing, responding and working together and we are making a difference.

The Measure H Quarterly Update will keep you apprised of the progress being made—one aspect of our commitment to rigorous accountability and transparency. Visit our website http://homeless.lacounty.gov for more information and follow us on Facebook at https://www.facebook.com/CountyHomelessInitiative.

Thank you for being a part of this important effort to move individuals and families from homelessness to housing and enable them to improve the quality of their lives.

Recent Activities

PART OF THE SOLUTION

Yes to ADUs

TO RAISE THE PROFILE OF ACCESSORY dwelling units or "granny flats," the Homeless Initiative partnered with the Los Angeles County Arts Commission, Department of Regional Planning and the Los Angeles County Community Development Commission to hold the *Yes to ADUs* contest to find the best re-imagination of housing possibilities. More than 40 proposals were submitted from students and professional architects, highlighting the potential of ADUs as a housing type to alleviate the region's housing pressure and combat homelessness—and the winners were announced in April. The designs will become a valuable online inventory of concepts with the potential to bolster the stock of affordable housing.

Mobile Shower Pilot

THE MOBILE SHOWER PROGRAM WAS launched this spring—at Whittier Narrows with Lava Mae Los Angeles and in East Pasadena with Shower of Hope—to serve people experiencing homelessness in nearby encampments with access to showers and hygiene supplies.

The community outreach program has included on-site showers, haircuts, food, clothing, pet supplies and other support services thanks to a variety of partnering agencies. In addition to supporting the health and well-being of our homeless neighbors, the mobile showers serve as new points of engagement to connect people to vital services including mental health, case management and housing navigators.

Developed in collaboration with Los Angeles County Sheriff's Department and other County departments, LAHSA and local service providers, this program is a tangible example of our coordinated approach to reaching our most vulnerable residents and helping them move from homelessness to housing. Since launch, an average of 100+ individuals per week have utilized the services at Whittier Narrows and report feeling fresh and rejuvenated, with an enhanced sense of self-esteem.

A Regional Movement

THE HOMELESS INITIATIVE HAS CONTINUED to diversify its network of partners representing homeless service providers, County departments, cities, business, philanthropy, labor, faith-based organizations and community coalitions in a highly collaborative Countywide movement.

In February, upwards of 500 County and City elected officials, stakeholders and homeless service providers attended the 2nd Annual Homeless Initiative Conference, centered on Partnership and Innovation, coming together with a shared vision of what we can accomplish together.

COUNT ME IN
EVERYONE IN

An innovative grant program is in process with 45 cities developing city-specific plans to address homelessness in their communities, illustrating an enthusiastic response from stakeholders across the region. Partnering cities will submit their final plans this summer.

And coinciding with the one-year anniversary of the passage of Measure H, a broad coalition of leaders and community groups launched Everyone In—United Way of Greater Los Angeles' dynamic new campaign designed to engage community members as an active part of the solution. Learn how you can get involved at http://everyoneinla.org.

Jobs Combatting Homelessness

HOMELESS SERVICE PROVIDERS HAVE added more than 1,000 new jobs across the region to enhance the delivery system. We partnered on the second joint LA City/County homeless services job fair in April at LA Trade Tech, which attracted 750 attendees and 50 employers. And we continue to support this rapid expansion via www.JobsCombattingHomelessness.org—our online portal linking job seekers to nonprofits offering a "paycheck with purpose."

Measure H Success Stories

Vet Finds Security

MR. DAVIS stayed at West Side Vets in Inglewood for seven years after declining health issues forced him and his family into homelessness. He faced three challenges: finding property owners who would accept Section 8 vouchers, owners who requested a credit score of 640 and his own sense of profound rejection. Case managers at West Side Vets helped Mr. Davis obtain a Section 8 voucher, visited him monthly to check on his well-being and helped secure housing for him and his family. This was largely due to the Housing Authority of the County of Los Angeles Homeless Incentive Program providing the owner with a $2,467 holding fee.

"My experience working with Mr. Rodriguez and the housing advisor team was truly a blessing. I couldn't have done it without these organizations. It's an awesome feeling to have these individuals have so much love in what they do. They help veterans like me get through these difficult times to secure housing."

An Answer to a Prayer

MS. JAMIESHA TILLMAN was a survivor of domestic violence, which caused her to leave her housing unit prematurely, along with her four children. They stayed with family and friends as long as they could, then resorted to staying in Ms. Tillman's car and in shelters. Finally, she connected with St. Joseph Center where she received a Section 8 Voucher. Even with the voucher, Ms. Tillman still faced challenges in finding a safe home for her family, a landlord willing to accept vouchers and in coming up with the security deposit.

The Homeless Incentive Program (HIP) and the Housing Advisory Unit Staff helped her locate units that matched her criteria and convinced the property owner to accept the Section 8 voucher by providing a holding fee. HIP also paid the security deposit, enabling Ms. Tillman to lease the unit in February and have a place to call home.

"I'm blessed to have been connected with this program that helped me secure a place for my children and me. Getting connected with HIP was the best thing that could have happened to me and my family."

The Transformational Power of Employment

EDDIE is a 45-year-old who was homeless with long-term unemployment and previous substance use disorder when he enrolled into a job readiness program at Chrysalis. He worked in Chrysalis Works, a one-year transitional job program in street maintenance. Working in the Fashion District helped him overcome his discomfort in crowds and built his communication skills. Eddie found full-time employment as a prep cook with First to Serve, an organization that provides transitional housing, medical, and supportive services to individuals and families experiencing homelessness in South LA. He has been working with First to Serve for more than six months and was recently promoted to Supervisor.

Achievement
Bell!

Eddie tells others about Chrysalis and says he has been given "the power to make the choices on what job I want."

Family Matters

JS IS A SINGLE FATHER with a 5-year-old son. He battles depression and anxiety and has been involved with the criminal justice system. When a LAHSA outreach team engaged him, he was fighting to maintain custody of his son. With no other family, JS was concerned that his son would be placed in a foster home if he did not find housing soon. A LAHSA outreach team connected with JS at a Homeless Connect Event in Pomona and was able to secure a one-bedroom apartment for him through Upward Bound House, where he is able to stay for up to one year or until they obtain permanent housing. JS is actively seeking employment in construction, and his son is excelling in school.

"People have told me that they were going to help me, but most of them did not follow through...(LAHSA Outreach staff) Donald Holt and Lisa Lyon have been the most honest and diligent people helping my son and me. In this moment of serious crisis, we were literally days from sleeping on the streets with no help in sight. It brought tears to my eyes when we showed up at Upward Bound homes and my son turned to me and said, 'Daddy now we can be safe.'"

Strategy Implementation Updates

Los Angeles County's Homeless Initiative is a broad-based action plan with interconnected strategies to effectively combat and prevent homelessness. These updates demonstrate the promise and significant progress of this critical initiative. Among many early initiatives and successes, key Homeless Initiative outcomes from July 2017–March 2018 include:

STRATEGY A1:

Homeless Prevention Program for Families

FROM JULY 2017 THROUGH MARCH 2018, 771 families received homeless prevention services through the Family Solutions Centers. Of those 771 families, 300 families exited the program and 219 either retained their housing or transitioned into other permanent housing.

STRATEGY B1:

Provide Subsidized Housing to Homeless Disabled Individuals Pursuing Supplemental Security Income (SSI)

FROM JULY 2017 THROUGH MARCH 2018, 802 homeless, disabled adults pursuing SSI were housed.

STRATEGY B3:

Partner with Cities to Expand Rapid Re-Housing (RRH)

FROM JULY 2017 THROUGH MARCH 2018, 1,750 participants successfully exited the rapid rehousing program and retained the housing in which they had been placed.

STRATEGY B4:

Facilitate Utilization of Federal Housing Subsidies

FROM JULY 2017 THROUGH MARCH 2018, the Housing Authority of the County of Los Angeles provided $880,686 in incentives to landlords to help secure 403 units for housing voucher recipients.

STRATEGY B7:

Interim/Bridge Housing for Those Exiting Institutions

FROM JULY 2017 THROUGH MARCH 2018, 1,437 individuals discharged from institutions were provided interim housing.

STRATEGIES C4, C5, C6:

Establish a Countywide SSI and Veterans Benefits Advocacy Program for People Experiencing Homelessness or At Risk of Homelessness

FROM JULY 2017 THROUGH MARCH 2018, Countywide Benefits Entitlement Services Teams (CBEST) assisted 5,703 disabled individuals with applications for SSI and Veterans Disability Benefits.

STRATEGY D2:

Expansion of Jail In-Reach

FROM JULY 2017 THROUGH MARCH 2018, 2,987 inmates received D2 Jail In-Reach services.

STRATEGY D6:

Criminal Record Clearing Project

SINCE THE JANUARY 2018 launch of D6 expungement services, the Public Defender held 20 record clearing services events throughout the County, engaged 267 clients, and filed 117 petitions for dismissal or reduction, 78 of which have been granted so far.

STRATEGY D7:

Provide Services for Permanent Supportive Housing

FROM JULY 2017 THROUGH MARCH 2018, 2,195 clients were linked to new Intensive Case Management Services slots, 1,108 clients received federal rental subsidies, 808 clients received local rental subsidies, and 476 clients were placed in permanent housing.

STRATEGY E4:

First Responder Training

AS OF MARCH 31, 2018, 42 First Responder Trainings were convened for Sheriff personnel, for a total of 1,152 deputies and sergeants who have been trained since the inception of the First Responders Training on October 26, 2016.

STRATEGY E6:

Countywide Outreach System

BETWEEN JULY 2017 AND MARCH 2018, Countywide outreach teams engaged 7,204 individuals, connected 4,663 individuals to services, placed 632 individuals into interim housing, and linked 267 individuals to a permanent housing program.

STRATEGY E8:

Enhance the Emergency Shelter System

SINCE JANUARY 2017, contracts have been awarded to service providers for 933 new Crisis and Bridge Housing beds. From July 2017 through March 2018, 10,330 individuals entered crisis, bridge, and interim housing, funded in whole or in part by Measure H. During the same period of time, 1,703 individuals exited interim housing to permanent housing.

STRATEGY E14:

Enhanced Services for Transition Age Youth

FROM JULY 2017 THROUGH MARCH 2018, 2,768 youth were assessed using the Next Step Tool.

> During the past week, we have been noticing a wooden structure on the sidewalk near corner of Carlos Avenue and Bronson Avenue. More recently, a van had been observed parked next to it then more transients and bikes started

occupying the sidewalk next to the van. Right now, the sidewalk is completely blocked and pedestrians have no choice but to use the street putting them at risk of being run over by passing cars. Considering its location which is very near a busy street and cars are often seen speeding, it's just a matter of time before we hear of an accident involving pedestrians. Additionally, last week we reported to Caltrans a tent behind the building on 5919 Carlos Avenue and pointed to them the big hole in the fence next to the parked van being used by transients to get to it.
Please look into it and take immediate action to remove all structures and make the sidewalk free of any obstructions.
Thank you.

Just wondering - did anything ever come of this? I'm still getting yelled at, hearing fights outside every week, etc. I remember we met with a member of the LAPD but is there anything else we can do?

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt. Homelessness

is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner... And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves

> to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

As others quickly gathered to stop him I called 911. After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better

look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Best of luck to all of you. Los Angeles has let me down. Thanks to the inaction of our mayor, council members, and law enforcement.

Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn’t the re anymore. Moreover, at the afternoon of yesterday-Sunday 4/29 I couldn’t walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need

answers and action.
Please.

Tamarind Avenues? It seems there's a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties ...in a despairingly “exercise-in-futility” predicament.

Please let us know what to

It leaves the pedestrians no choice but run the risk of being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Thank you for your kind consideration.

They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

It's simple. Just look at what Gavin Newsom is running on and it's EXACTLY what you've all been complaining about for years.

Have you even thought about what it would mean for us in Southern California if we have free healthcare for illegal immigrants? You think LA is overpopulated now? You think traffic is unbearable now? You think the lines at hospitals and dr's offices are long now? You think your medical bills and prescriptions are too expensive now?
Just wait.
THIS IS NOT A MATTER OF RACE. It's a matter of principle. If a white Irish man came over here as an illegal immigrant it would be the same damn thing.

Stop sitting around and complaining. Go out there and DO SOMETHING about it!!

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Hello Everyone,
I want to give some updates on what has been happening with the homeless community on Carlos and Tamarind. About two weeks ago, around sunrise on the morning of 4th of July, I went out there to clean up the streets myself with a broom, dustpan, and some trash bags. I had been cleaning up for a few minutes when LAPD did a routine drive-by to announce that the homeless needed to take their tents down, per the city ordinance. I want thank Officer Diaz, I believe it was, and his partnering female officer for their continued support of the situation. The homeless people came out of their tents, and I was able to speak with them. I listened to them, and they listened to me. I think a little empathy went a long way. They don't like their situation anymore than we do. They know it's dangerous, and they don't have the security of a gate and a front door with a deadbolt.
Homelessness is an epidemic in our city. We can spend a lot of time and effort trying to move them to a different spot, only to have another, and potentially more dangerous situation on our hands. I made a deal with them. I gave them my broom, dustpan, and some trash bags. I made them about 20 breakfast tacos (I'm originally from Austin, it's what I know). They agreed to keep the street clean, and keep out any mentally unstable and potentially dangerous people. I told them that I would continue to provide them with trash bags (which I have), food when I can, and cold water on a hot day (which I did when it got up over 100 degrees last week). I also said I would speak to everyone on this email

chain about potentially doing the same.

I want to thank the LA Dept of Sanitation for coming by to pick up the trash that they accumulate. I know situations like this are all over the city, and there is more trash than we know what to do with. If anyone on this chain would like to help, and you don't feel comfortable going down there on your own. you are more than welcome to contact me, and I will come get what you have and take it down there. I think the situation has improved in the last two weeks, but this is going to take a constant effort. There is also another group of people I am in contact with over in Whitley Heights that organize once a month to make sandwiches for the homeless and hand them out around the neighborhood. I will be participating in their next outing on August 5th. I am happy to provide more information on that too if you would like.

We all work, and we are all busy. If you catch yourself saying, "This is disgusting, someone should do something," you can do something. This might be a small effort, but it's a step in the right direction, and I think that's what this country needs right now.

Hi Jordan,

I agree. And I've been doing it as much as I could. It is a challenge to do it when the tents are around and you have to go around them. They get angry about disturbing them. After all, they consider the tent to be their home.

And it is correct; *the homeless situation is of epidemic proportions across the city.* Look at downtown LA - it is covered with tents.

I am all for it. We can create a schedule who can do it and when?! The trash truck usually comes on Monday mornings around 9 a.m. I tried in the past to gather everything on the street before they drive around here, so they can pick up the trash from the street, that is appropriate for them to pick up. The bigger pieces I collect and put in the garbage bag myself.

I do not feel comfortable, as a girl, to gather stuff from around many young guys sitting on the street corner...
And that is not something that will totally resolve the problem. Summer is here and they have to use the bathroom, which will make this street smelling really bad, bring flies.

But we surely can pick up the trash, because they will not or maybe will if they see us doing it?! Who knows...

I appreciate the effort that the LAPD has made. I understand that the homeless situation is of epidemic proportions across the city. There is only so much people can do. I want to talk about what WE CAN DO. We, as a community, can decide to clean up our own streets. If we attempt to wait it out, like we have for what is coming up on a year, then the situation will just keep repeating itself. Which, is exactly what has been happening already. This isn't going to be pleasant, and it's not going to be easy. We can get push-brooms, trash bags, and gloves to clean up. There is a dumpster 100 feet from where the majority of the trash is left. If the drug addicts and people who litter aren't going to clean up after themselves, that means someone else has to, literally, clean up the trash on the street and throw out the garbage. It's a start. Let's at least talk about it. We can do that.

Hi Sgt Geaney,

I remember when we all met you said something along the lines of that the people in the tents couldn't be asked to move because their tents were technically only taking up half of the sidewalk (though no one ever walks on that side anyway because of all the littering and waste). Now, there are people on the other side that do take up that whole walkway of the sidewalk, yet they're there every day. Today they also had a dog that was barking and running towards oncoming pedestrians. Our community is right next to a children's school, church, and unless I'm mistaken, senior citizens living in the building behind to the right of the tents.

The best way to stop a dangerous event from happening is by prevention rather than avoidance. We have so far not seen significant precautions as one issue just leads to another. Unfortunately, LAPD doesn't see the occurrences that we see here everyday. If we wait it out, we're just waiting for something bad to happen.

I've moved out of Los Angeles.
Please remove me from this list.

Best of luck to all of you. Los Angeles has let me down. Thanks to the inaction of our mayor, council members, and law enforcement.

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Unfortunately it seems as, someone has to be badly and seriously hurt before something is done. Truly sad; a violant act as such witnessed is not a measure to take action by the officers and prevent before something truly bad happens. I can not understand that.
Again, how can the officers be blind and allow both sides of the sidewalks be taken? I have a vehicle, but I live close to Hollywood blvd., so that I can go for a walk, visit the restaurants etc. and not to worry about parking. With the current situation I don't feel comfortable walking home in the early night, even with a friend. And it does not excite me to walk in the middle of the street. Not to mention the trash spread around that we have to live with.
Do we really have to surrender and hope that nothing tragic will happen?! Or do we wish for something bad to happen, so that something is finaly done?! I can't even believe I said that...

Now that this homeless group have set themselves up under the tree on the Tamarind/Carlos corner and essentially "own" both sides of Carlos, the elderly from Silvercrest have no way to walk down the street (they used to cross to the clear side but that's blocked most of the day now), and people like me who don't have a car are forced to walk down the middle of the street with moving traffic.

Let's help each other by reporting everything and keeping the police presence here as high as possible... because the more freedom these assholes feel they have, the worse they seem to get. It's constant open-air parties with loud speakers and open drinking/drug use lately. (Looks like they're gearing up for another party tonight already).

The non-emergency number to **report a noise complaint or disruption is 877 275 5273** (you can do it anonymously if you prefer), and please don't feel guilty about wasting police resources like I used to. We need to stop what's happening here, and the operators are always understanding and are happy to dispatch a unit to keep the peace. The more of us call, the better. After they've attended enough complaints, the LAPD can increase the fines which will hopefully deter these assholes a bit.

Obviously, it's a low-priority call, so call early!! Sometimes officers turn up within an hour, but it can take longer. On busy nights like weekends, you might also have to wait 10 mins just to get an operator.

Stick with it! We can't let these jerks get away with treating our neighborhood like this, blocking access to our homes and sidewalks, and endangering us all with broken glass, needles, blocked sidewalks and violence. Please report everything you see and hear as often as possible.

As others quickly gathered to stop him I called 911.
> After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Now that this homeless group have set themselves up under the tree on the Tamarind/Carlos corner and essentially "own" both sides of Carlos, the elderly from Silvercrest have no way to walk down the street (they used to cross to the clear side but that's blocked most of the day now), and people like me who don't have a car are forced to walk down the middle of the street with moving traffic.

Let's help each other by reporting everything and keeping the police presence here as high as possible... because the more freedom these assholes feel they have, the worse they seem to get. It's constant open-air parties with loud speakers and open drinking/drug use lately. (Looks like they're gearing up for another party tonight already).

The non-emergency number to **report a noise complaint or disruption is 877 275 5273** (you can do it anonymously if you prefer), and please don't feel guilty about wasting police resources like I used to. We need to stop what's happening here, and the operators are always understanding and are happy to dispatch a unit to keep the peace. The more of us call, the better. After they've attended enough complaints, the LAPD can increase the fines which will hopefully deter these assholes a bit.

Obviously, it's a low-priority call, so call early!! Sometimes officers turn up within an hour, but it can take longer. On busy nights like weekends, you might also have to wait 10 mins just to get an operator.

Stick with it! We can't let these jerks get away with treating our neighborhood like this, blocking access to our homes and sidewalks, and endangering us all with broken glass, needles, blocked sidewalks and violence. Please report everything you see and hear as often as possible.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR

HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore. Moreover, at the afte rnoon of yesterday-Sunday 4/29 I couldn't walk on either sidewalk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the othe r side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was wit h two friends and walked fast. But it could end up differently.... please help us, What can you do about our safety???

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

CALTRANS has successfully removed the homeless encampment s at the back of our building facing the South bound 101 Freeway right after a couple of calls or so. ERGO, if there’s a WILL, there a WAY! (in a relatively efficient way).

How about those right under our noses at Carlos and Tamarind Avenues? It seems there's a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties ...in a despairingly “exercise-in-futility” predicament.

Please let us know what to expect from you next?

A more positive one this time please...WE TRUST AND HOPE!

Mayor, Council Member, Field Deputy, may we hear from you? DON’T IGNORE THIS LETTER PLEASE.

By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Agenda Field Deputies Meeting July 18 2018.docx
Map of The Grove.png

Dear Friends:

Our next Quarterly West/Metro Field Offices meeting is upon us!! On July 28, 2018 we will meet at La Piazza @ The Grove for a great presentation on homelessness from the LA County Homeless Initiative and the LA City Initiative. There will be plenty of time for questions and a fun tour and trolley ride to follow.

I have sent a calendar invite, so please accept or decline as soon as possible and don't forget to bring $10 cash or venmo Stephanie @Stephco49 for lunch. ***If you accept the calendar invitation, but do not give 24 hours' notice of cancellation- please still expect to pay!!***

New Offices: if you have staff attending that did not get an invitation, please send us the RSVP name and email so that we can add to the list.

Agenda and map of the grove with an arrow to La Piazza attached. Huge thanks to Caruso & Affiliates for assisting with lunch and space at the Grove. Hope to see you all July 18!!

Best,
Stephanie

Subject: Re: UPDATE: Homeless Encampments @ Carlos Tamarind STILL No End in Sight?

Just witnessed several people on the corner screaming at each other (Sat 23rd approx 3:45pm) , threatening to "cut" each other and blocking the cul de sac. After managing to pass and park my car, one of the younger gentlemen raced at an older couple with seemingly violent intentions, waving his arms and screaming. As others quickly gathered to stop him I called 911.
After minutes of being redirected I was asked to give descriptions of all the people involved and what I had witnessed. Whether I had seen a weapon or any actual violence. By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

Dear Sgt Geaney,

Yes, they're back (in numbers) and got even more boisterous! We know they're using the tree there as shade for the hot summer but if they're lying down there and more often than not, get on a party mood with drinks and all, they get pretty loud and unruly. It makes it even harder for pedestrians to pass through.

Dear Sergeant Shannon Geaney,
Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. It leaves the pedestrians no choice but run the risk of being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Thank you for your kind consideration.

I saw two people wheeling two bikes each across the street this morning so I’m assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they’re stealing the bikes. Otherwise, there’s no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn’t there anymore. Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn’t walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently.... please help us, What can you do about our safety???

Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there wit h the garbage bags in them; so the feeling of being at home is there and approval.

But today, the 26th, we can’t believe the homelessness situation here at Carlos Tamarind has even gotten worse... just a week to the date of our meeting.

I quote a message from one of us here:

“Almost one week to the date of our LAPD meeting it appears as though

h

their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building.

Brian”

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn’t be a “temporary” settlement area while waiting for your “b udget/project”.

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Dear Neighbors,

Might have been the result of an intense physical in-fighting between and among factions within the Homeless Group in the Carlos Tamarind area. I have not personally seen it but it was in the late night news last night. The physical violence was caught on camera by Fox 11 News.
Mr. Garcetti, O’Farrell, Dan Halden, isn’t it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O’Farrell again)—yesterday on TV that you would be “coming for them”... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE “POOR” HOMELESS PEOPLE ALIKE).

To quote you, the Good Honorable Mr. Mayor: "...confront the greatest moral and humanitarian crisis of our time." (HOMELESSNESS)...IT’S ABOUT TIME...

There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Homeless Encampments @ Carlos Tamarind No End in Sight?

Mayor Garcetti,

Council Member O’Farrell, Field Deputy Dan Halden,

CALTRANS has successfully removed the homeless encampments at the back of our building facing the Southbound 101 Freeway right after a couple of calls or so. ERGO, if there's a WILL, there a WAY! (in a relatively efficient way).

How about those right under

our noses at Carlos and Tamarind Avenues? It seems there’s a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties...in a despairingly "exercise-in-futility" predicament.

Please let us know what to expect from you next? A more positive one this time please... WE TRUST AND HOPE!

Mayor, Council Member,

Field Deputy, may we hear from you? DON'T IGNORE THIS LETTER PLEASE.

Sincerely,

The Carlos Tamarind disgusted but still hopeful residents

Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. But today, the 26th, we can’t believe the homelessness situation here at Carlos Tamarind has even gotten worse... just a week to the date of our meeting.

I quote a message from one of us here:

“Almost one week to the date of our LAPD meeting it appears as though their regular patrols of the area have ended. There are now 6 tents snaking up

Tamarind Ave towards your building.

Brian”

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn’t be a “temporary” settlement area while waiting for your “budget/project”.

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

ss Encampments @ Carlos Tamarind No End in Sight?

Mayor Garcetti, Council Member O’Farrell, Field Deputy Dan Halden,

CALTRANS has successfully removed the homeless encampments at the back of our building facing the Southbound 101 Freeway right after a couple of calls or so. ERGO, if there's a WILL, there a WAY! (in a relatively efficient way).

How about those right under our noses at Carlos and Tamarind Avenues? It seems there's a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties...in a despairingly "exercise-in-futility" predicament.

Please let us know what to expect

from you next? A more positive one this time please... WE TRUST AND HOPE!

Mayor, Council Member, Field Deputy, may we hear from you? DON'T IGNORE THIS

LETTER PLEASE.

Sincerely,

The Carlos Tamarind disgusted but still hopeful residents

They're back and I've been seeing them everyday. Having to walk in between the sidewalks can be dangerous as this street gets heavier traffic around 5 pm. Getting yelled at from people on the sidewalk also doesn't help.

Also, any word on making this a permit parking only street? I saw three people in a row the other night asleep in their car after I'd spent around an hour looking for a spot of my own.

Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

We thank Sergeant Shannon Geaney for meeting up with us on Friday, the 20th.

But today, the 26th, we can't believe the homelessness situation here at Carlos Tamarind has even gotten worse...just a week to the date of our meeting.

I quote a message from one of us here:

"Almost one week to the date of our LAPD meeting it appears as though
their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building.
Brian"

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

They've been spilling into the street blocking traffic as well, sitting and lounging in the street, as in literally on the asphalt where cars would drive.

By the time I went back out to the corner to get a better look at them (for better descriptions on appearance) the main people involved were no longer there. Still 10+ people on the corner, mind you, whether spread out on the grass or watching from their vans.

I was told since I had not seen a weapon or any direct violence there was nothing to be done, and to call back if I saw anything else.

This corner is a ticking time bomb. Not to mention the fact that by the time anything gets reported or called in, and by the time officers arrive, it will likely be too late. Someone could have very easily been hurt today - and for all I know potentially did and took off.

Please be safe out there, everyone. I've been relaxing into our current situation / just accepting it, which is wrong. If you see anything, call immediately - it will take several minutes to get through to someone. Be conscious of descriptions of the people involved.

Also what information do we have on the supposed July 2018 relocation?

They are also now spilling into the street itself. I had to ask them today to move back up on to the side walk so I could turn on to Carlos.

Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. I saw two people wheeling two bikes each across the street this morning so I'm assuming those were stolen bikes. The officer told us at the meeting to note down the number associated with our bikes so that they can check which of the bikes are stolen. If that happens, they can prove they're stealing the bikes. Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

Yesterday I noticed my bike was stolen from the gated and closed parking garage at 1762 tamarind ave. It is so frustrating that people are breaking into a private property and stealing and there nothing we can do. We are not safe.

So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents? MY STOLEN BICYCLE!!! Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.

Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently.... please help us, What can you do about our safety???

“Almost one week to the date of our LAPD meeting it appears as though their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building.

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn’t be a “temporary” settlement area whil e waiting for your “budget/project”.

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Mr. Garcetti, O’Farrell, Dan Halden, isn’t it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O’Farrell again)—yesterday on TV that you would be “coming for them”... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE “POOR” HOMELESS PEOPLE ALIKE).

There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Homeless Encampments @ Carlos Tamarind No End in Sight?

Mayor Garcetti,

Council Member O’Farrell, Field Deputy Dan Halden,

CALTRANS has successfully removed the homeless encampments at the back of our building facing the Southbound 101 Freeway right after a couple of calls or so. ERGO, if there's a WILL, there a WAY! (in a relatively efficient way).

How about those right under

our noses at Carlos and Tamarind Avenues? It seems there's a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties...in a despairingly “exercise-in-futility” predicament.

Please let us know what to expect from you next? A more positive one this time please... WE TRUST AND HOPE!

Mayor,
Council
Member,

Field Deputy, may we hear from you? DON'T IGNORE THIS LETTER PLEASE.

Sincerely,

The Carlos Tamarind disgusted but still hopeful residents

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. More on this can be found online.

So yesterday evening I drove on Carlos and what I see by the homeless in the middle tents? MY STOLEN BICYCLE!!!
Straight up I called to LAPD file a report but till I got an answer I checked and my bicycle wasn't there anymore.
Moreover, at the afternoon of yesterday- Sunday 4/29 I couldn't walk on either side walk because one had all the tents and their doing BBQ over there in the middle of the street. (Not first time...). And on the other side of sidewalk homeless person was certainly on drugs hitting with a golf stick a phone on the ground and just holding it which is scary and threatening enough to not want walk by him. I was with two friends and walked fast. But it could end up differently....
please help us,
What can you do about our safety???

Hi,
Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there with the garbage bags in them; so the feeling of being at home is there and approval.

"Almost one week to the date of our LAPD meeting it appears as though their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building.

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Might have been the result of an intense physical in-fighting between and among factions within the Homeless Group in the Carlos Tamarind area. I have not personally seen it but it was in the late night news last night. The physical violence was caught on camera by Fox 11 News.
Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

There has been more of a presence by officials but I agree it's still almost unbearable to live here now.

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

Homeless Encampments @ Carlos Tamarind No End in Sight?

Mayor Garcetti, Council Member O’Farrell,

Field Deputy Dan Halden,

CALTRANS has successfully removed the homeless encampments at the back of our building facing the Southbound 101 Freeway right after a couple of calls or so. ERGO, if there's a WILL, there a WAY! (in a relatively efficient way).

How about those right under our noses

at Carlos and Tamarind Avenues? It seems there’s a never-ending influx of transients, setting up not only tents but shanties and disgustingly trashing the place, urinating and defecating right in the very main sidewalks where we should be walking through and right there on our streets where we get off from our cars. These tolerated by law enforcement despite the violations, felonies and crimes that have been happening and been reported by our aggravated parties...in a despairingly "exercise-in-futility" predicament.

Please let us know what to expect from you next? A more positive one this time please...WE

TRUST AND HOPE!

Mayor, Council Member, Field Deputy, may we hear from you? DON'T IGNORE THIS LETTER PLEASE.

Sincerely,

The Carlos Tamarind disgusted but still hopeful residents

Subject: Clean Team, Community Conference Supplies and OTHER Notes

Please see the following notes, prepared in advance of my leave of absence from work the week of June 18th.

I will take my work cell phone with me and be reachable most of the time i am on leave. And I may check in periodically.

Clean Team Contacts:

Jonathan Reyes: River Clean Team: 818-579-3984
Adrian Olivares: Clean Team: 323-379-8014

Their assignments may be set for next week, but they can be available for requests, as well.

Either 1 or 2 Clean Teams can be available for assist at Community conference.

Community Conference Supplies in back of the DO by the kitchen windows.

3 MOF banners, 1 container with 4 red bungees, and 2 yellow bungees.

Paper name-plates for Leg-Team David G. and Angelo, and for Craig and Amy, their tables and for the sign-in table labels. (reused from last CC).

Re-used large envelopes.

Additional items:

2 Blue MOF table cloths in top drawer of 3rd tall file cabinet (George and I are using the 3rd one at our event this Saturday).

1 small water igloo, and 1 box of paper cups, in back closet where the 2 MOF canopies are.
Not sure where the second one is, but we had it after the last CC.
NOTE: Hector will borrow more from DWP.

ICE for the igloos: Can be gotten from local fire-stations, just make sure you call ahead.
Northeast LA Sanitation Yard (Hector has yard supervisor Mike Solis cell number, JIC), Recreation and Park CSY (3900 Chevy Chase Dr, Los Angeles, CA 90039) are better, because they have bigger ice makers than the fire stations.

Name tags, pens, tape, markers, and clipboards are in the office supply closet.

1 large box of napkins and paper towels on top of the metal file cabinets in the kitchen.

1 cargo van has been reserved with Fleet Services for next Friday June 22, for Community Conference (**Fleet Services city Hall, P-1: 213-978-3172**)

District Maintenance:

LABT has their assignments for next with on Dan and George's border area along Western and Sunset.

Clean & Green Program project is pending. They are currently short on staff, however.

OCB was to have scheduled a clean up in Echo Park for this week. I can remotely send Gerry Valido a request for next week, as well.

contact me with any semi-urgent questions, and thanks!

LADOT Press Release June 24.pdf

Neighbors,

Please see the below/attached information related to multiple events in the Hollywood area this **Sunday, June 24th and Monday, June 25th.** There will be a movie premiere on Hollywood Blvd and a full street closure between Highland Ave and Orange Drive, and there will also be events at the Hollywood Bowl and Ford Theatre on both nights.

Arrangements have been made for multiple traffic control officers and coordination across City agencies and departments. However, stakeholders are encouraged to take note of this traffic advisory and make appropriate travel arrangements as recommended by LADOT.

Thank you,

Dear Hollywood Neighbors,

Hollywood Blvd., between Highland Ave. and Orange Dr., will close at 12:01 AM Sunday, June 24, 2018; to accommodate the world premiere of *Ant Man & The Wasp* at El Capitan Theatre and the TCL Chinese Theatre IMAX. It reopens at 6:00 AM on Tuesday, June 26, 2018. The midblock pedestrian crosswalk is closed during this period of time, but the north and south sidewalks remain open except for a brief period in front of El Capitan Theatre between 4:00 PM and 7:00 PM. Orange Dr. is unaffected by the premiere.

I have attached a copy of the traffic detour plan and a copy of the LADOT press release describing the closure. You should know that there is a concert at the Hollywood Bowl on the 25th which will also affect traffic.

HOLLYWOOD AREA TRAFFIC ADVISORY

HOLLYWOOD, CA (June 18, 2018)

Multiple events will be occurring in the area around the Hollywood Bowl and the Hollywood/Highland complex on **Sunday, June 24th and Monday, June 25th, 2018 between 4:00pm-12:00 Midnight** each night. The events are as follows:

- **Hollywood Boulevard between Highland Avenue and Orange Drive will be closed for a movie premiere (June 24th-25th, 2018)**
- **Hollywood Bowl will be hosting two concerts (June 24th-25th, 2018)**
- **Ford Theater will be hosting events (June 24th-25th, 2018)**

It advised that all unnecessary travel in the area bound by the following streets be avoided if possible:

North: Barham Boulevard
South: Sunset Boulevard
East: Cahuenga Boulevard
West: La Brea Avenue

If it necessary to travel in the area, it is encouraged to utilize public transit. For more information call Metro at (323) GO METRO (323 466-3876) or visit the agency's trip planner website at: www.metro.net. LADOT, which is dedicated to moving Los Angeles forward as quickly and safely as possible, also operates transit bus services. Drivers, bus riders, bicyclists and pedestrians are encouraged to visit LADOT's website at www.ladot.lacity.org for information about DASH, Commuter Express, bicycling in the City of Los Angeles and an array of transportation services. Additionally, please refer to the individual venue websites for specific venue information or any alternative resources they may provide.

Area commuters can visit the LADOT's website, http://trafficinfo.lacity.org , for real-time traffic and parking facilities information. Real-time traffic reports are a product of LADOT, innovators of the Automated Traffic Surveillance and Control System (ATSAC) technology. Thank you for your cooperation and safe travels.

I should be back in the office on Monday June 25th.

I'm gonna stay late tonight to put a few things together for the Community Conference.

I'll message Steve about those items when I leave the office tonight.

Adrian Clean Team with me and George on Vermont Ave Saturday.
Jonathan Clean Team in Glassell Park for Hector and GPIA on Saturday.

Well like me for instance, there's not very great chance that I will be off on a day and time where someone would be making a city hall trip. However I am more than happy to sign something saying that I'm affected by this and that person is representing me specifically as well as the group generally.
I want them to take this dead seriously, because someone is going to be seriously dead if they continue ignoring it.

More than once the campers have picked up brooms and cleaned up/swept the sidewalk and road of all their trash during these police visits, so even that makes a small difference (without addressing the bigger problem, of course).

Without the daily enforcement, those tents and trash would be sprawling everywhere like it was a couple months back. Can I say thank you for the work that is been done in this area while still begging for bigger changes?

I'd love a bit more communication from the LAPD representatives on here about what your limitations are, what we can do, what things we can report as they happen and how fast of a response to expect, what the rights we have to a safe streets and what rights they have to make our streets a nightmare, who we can contact directly. Wasn't there going to be a meeting where an LAPD rep was going to discuss this all with us?

It's been months now since we brought this problem to the city's attention. So far it has gotten from bad to worse. We called Caltrans to report the tents behind our building next to 101 freeway on 03/29/18. As of today they're completely gone and the area secured. What's the difference? They don't have a field deputy to handle our request but took care of it nevertheless. Don't we wish they had jurisdiction over the sidewalks on Carlos and Tamarind.
It will save a lot of everybody's time.

Please provide us with exactly what you need to take meaningful action to remove from the street those individuals whom are actually dangerous. Do you need recorded audio and video? Do you just need some pictures and individuals willing to participate in a lineup? Do you just need sworn affidavits? Perhaps notarized?

Dear Sergeant Shannon Geaney,
Please ask your deputy officers to request these youngsters from the Carlos tent village to NOT hang out the whole day on the opposite sidewalk @ Carlos corner Tamarind. It leaves the pedestrians no choice but run the risk of being hit by oncoming vehicles because they have to walk RIGHT ON THE STREET, as both sidewalks facing each other (left and right) are no longer passable.

We are really being patient at the moment as we are hoping for the July 2018 resettlement of these poor transients.

Thank you for your kind consideration.

Otherwise, there's no way for the police to know. So if you still have your bike, be sure to note down the number (serial number? ID number?) so you'll have it to report to the police. Hi,

Yes, it is not looking good. It seems that someone wants them to be here, because there are many personal garbage cans there with the garbage bags in them; so the feeling of being at home is there and approval.

"Almost one week to the date of our LAPD meeting it appears as though their regular patrols of the area have ended. There are now 6 tents snaking up Tamarind Ave towards your building.

Yes, unfortunately this is true. Again, we reiterate our plea that our residential area here shouldn't be a "temporary" settlement area while waiting for your "budget/project".

DO DISPERSE THE SETTLEMENT PLEASE BEFORE THEY DO MULTIPLY AGAIN!

Mr. Garcetti, O'Farrell, Dan Halden, isn't it about time to disperse the group?

Yes, we heard you Mr. Mayor and your other Council Members (unfortunately no Mr. O'Farrell again)—yesterday on TV that you would be "coming for them"... DO COME FOR THEM AND GIVE PRIORITY TO THIS GROUP PLEASE —ASAP—FOR THE SAFETY OF EVERYONE (RESIDENTS AND THESE "POOR" HOMELESS PEOPLE ALIKE).

To quote you, the Good Honorable Mr. Mayor: "...confront the greatest moral and humanitarian crisis of our time." (HOMELESSNESS)...IT'S ABOUT TIME...

This morning we were harassed by the couple who call out to us from across the street every time we leave the apartment... and who become hostile if we just ignore them. They try to control our behavior and demand attention, while feeling welcome to spread trash everywhere and fill the street with loud-speaker music and daily arguing.

(There is literally a man screaming at and threatening one of the woman now as I write this, but this is everyday normal... I can hardly work any more because of the constant domestic violence outside my office window).

Last week, the arguing escalated into a guy picking up a stick and threatening people and stopping traffic, somehow turning on the fire hydrant so the street filled with water, and frightening an old woman who was trying to walk her little dog down carlos but couldn't get past them. This is happening OUTSIDE OUR HOMES.

Also recently, we've had many strange vehicles driving very slowly down our street at night and stopping by the tents, or just idling. Their presence is signaled among the encampment by whistles and the call "look alive," which brings certain campers out to meet the strangers. The cars leave a short time later. I'm gonna go out on a limb here and say Carlos/Tamarind is officially a drug dealership.

On top of that, we now also have more wild animals moving in... we've seen raccoons among all the trash and food packaging left in the open on the street, and more sightings of rats and cockroaches everywhere. Just another sign that Carlos/Tamarind is transforming into a giant festering garbage heap.

Seriously.. WHAT DO WE DO? We need answers and action. Please.

I writing to seek the assistance of your office. My partner, Robert Webster, and I reside in Hollywood. Last year, on January 9, 2017, he tripped on a very badly cracked sidewalk on Vine street, and fractured his patella. On March 12, 2017, we filed a claim for personal injuries with the City of Los Angeles. The City Attorney's Office has been unable to act on the claim because it has not yet received the records it requested from the Bureau of Street Services. I have attempted to contact the Bureau of Street Services to provide the records to the City Attorney's Office, but there is no way for the public to contact that office directly. It should not take over a year for the Bureau of Street Services to comply with a records request by the City Attorney's Office. To make matters worse, no one from the Bureau of Street Services has visited the location to inspect the condition of the sidewalk, and the sidewalk remains in the same dangerous condition it was in over a year ago. Someone else is likely to be severely injured if the sidewalk is not repaired. The accident occurred in front of 817 Vine Street, and pictures of the cracks have been provided to the City.

The Claim Number assigned to our claim is C17-110351. We would very much appreciate it if your office could contact the Bureau of Street Services and request that they supply the requested records to the Office of the City Attorney, as well as to inspect the sidewalk and have it repaired before anyone else gets injured.

Thank you for any assistance that your office may be able to provide us.

Subject: Dangerous Sidewalk Condition in Hollywood
To: councilmember.ofarrell@lacity.org

I writing to seek the assistance of your office. My partner, Robert Webster, and I reside in Hollywood. Last year, on

January 9, 2017, he tripped on a very badly cracked sidewalk on Vine street, and fractured his patella. On March 12, 2017, we filed a claim for personal injuries with the City of Los Angeles. The City Attorney's Office has been unable to act on the claim because it has not yet received the records it requested from the Bureau of Street Services. I have attempted to contact the Bureau of Street Services to provide the records to the City Attorney's Office, but there is no way for the public to contact that office directly. It should not take over a year for the Bureau of Street Services to comply with a records request by the City Attorney's Office. To make matters worse, no one from the Bureau of Street Services has visited the location to inspect the condition of the sidewalk, and the sidewalk remains in the same dangerous condition it was in over a year ago. Someone else is likely to be severely injured if the sidewalk is not repaired. The accident occurred in front of 817 Vine Street, and pictures of the cracks have been provided to the City.

The Claim Number assigned to our claim is C17-110351. We would very much appreciate it if your office could contact the Bureau of Street Services and request that they supply the requested records to the Office of the City Attorney, as well as to inspect the sidewalk and have it repaired before anyone else gets injured.

Thank you for any assistance that your office may be able to provide us.
